1985 REPORT

OFFICE OF THE GOVERNOR

FRANKFORT, KENTUCKY 40601

MARTHA LAYNE COLLINS

GOVERNOR

My Fellow Kentuckians:

Crime affects the lives of all Kentuckians. This annual "Crime in Kentucky" report addresses one of the most serious and perplexing problems affecting the quality of life in the Commonwealth.

As indicated in the report, although the overall increase in serious crimes during 1985 was slightly more than one percent, the number of reported Murders, Robberies and Aggravated Assaults increased significantly.

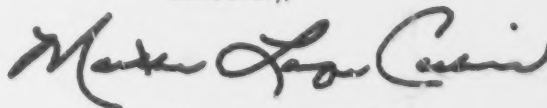

There were more than 100,000 victims of serious crime during 1985. Economic losses from all crime exceeded \$100 million. These and other harsh facts associated with crime point to the urgent need to make our Commonwealth a safer place in which to live and work. Hopefully the detailed information contained in the 1985 "Crime in Kentucky" report will serve as a basis for developing effective strategies to combat crime.

I call your attention to the 77 percent decrease in the number of persons arrested for Driving Under the Influence. I am confident that a combination of public awareness to the problem of drunk driving, stiffer penalties and strict enforcement contributed to this decrease.

The same approach must be applied to reducing other serious crimes. If citizens and police join together in applying effective strategies against crime, I am convinced that substantial reductions are within our grasp.

I will continue to support law enforcement and citizen crime prevention efforts. I encourage every citizen and police officer to do likewise.

Sincerely,

A handwritten signature in dark ink, appearing to read "Martha Layne Collins", written in a cursive style.

Martha Layne Collins

COMMONWEALTH OF KENTUCKY
KENTUCKY STATE POLICE
919 VERSAILLES ROAD
FRANKFORT 40601

MARTHA LAYNE COLLINS
GOVERNOR

MORGAN T. ELKINS
COMMISSIONER

To the Honorable Martha Layne Collins,
Governor of the Commonwealth of Kentucky

Pursuant to Kentucky Revised Statute Chapter 17, the
sixteenth annual "Crime in Kentucky" report is respectfully
submitted.

I am pleased to advise you that the Uniform Crime
Reporting system in Kentucky realized a 99 percent reporting
rate during 1985. This high level of compliance with UCR
monthly reporting requirements is attributable to the coopera-
tive efforts of local law enforcement agencies and the Kentucky
State Police.

We will continue to meet our responsibilities in improving
the quality, accuracy and timeliness of the Commonwealth's
Uniform Crime Reporting system.

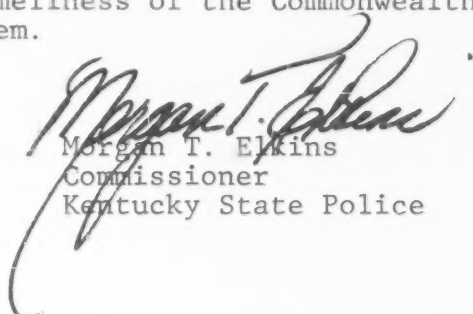

Morgan T. Elkins
Commissioner
Kentucky State Police

D E D I C A T I O N

*This 1985 Crime in Kentucky Report
is fittingly dedicated to*

ROY H. MARDIS, JR.

*WHO PAID THE SUPREME SACRIFICE OF HIS LIFE
on behalf of the citizens of the Commonwealth.*

Officer Roy Mardis, a thirteen year veteran of the Lexington Metro Police Department, was killed in the line of duty on August 23, 1985. This valued and dedicated Canine Officer and his bloodhound, Amanda, had been called in to assist the Kentucky State Police in Mercer County. After successfully tracking and locating a jail escapee suspected of murder, he was fatally wounded in a cornfield near Harrodsburg.

Officer Mardis was thirty-five years of age. In recognition of his dedicated service to the community, he had recently been named "Police Officer of the Year." He is survived by his loving wife and seven daughters.

KENTUCKY'S UNIFORM CRIME REPORTING SYSTEM

KENTUCKY'S UNIFORM CRIME REPORTING SYSTEM

WHAT IS THE UNIFORM CRIME REPORTING SYSTEM?

The Uniform Crime Reporting System collects, compiles, classifies, analyzes, and reports national, statewide, and local area offense and arrest data. Chapter 16 of the Kentucky Revised Statutes, as amended in 1976, requires that all law enforcement agencies file UCR reports and vests the authority and responsibility for the system with the Commissioner of the Kentucky Department of State Police.

WHY IS A UNIFORM CRIME REPORTING SYSTEM IMPORTANT?

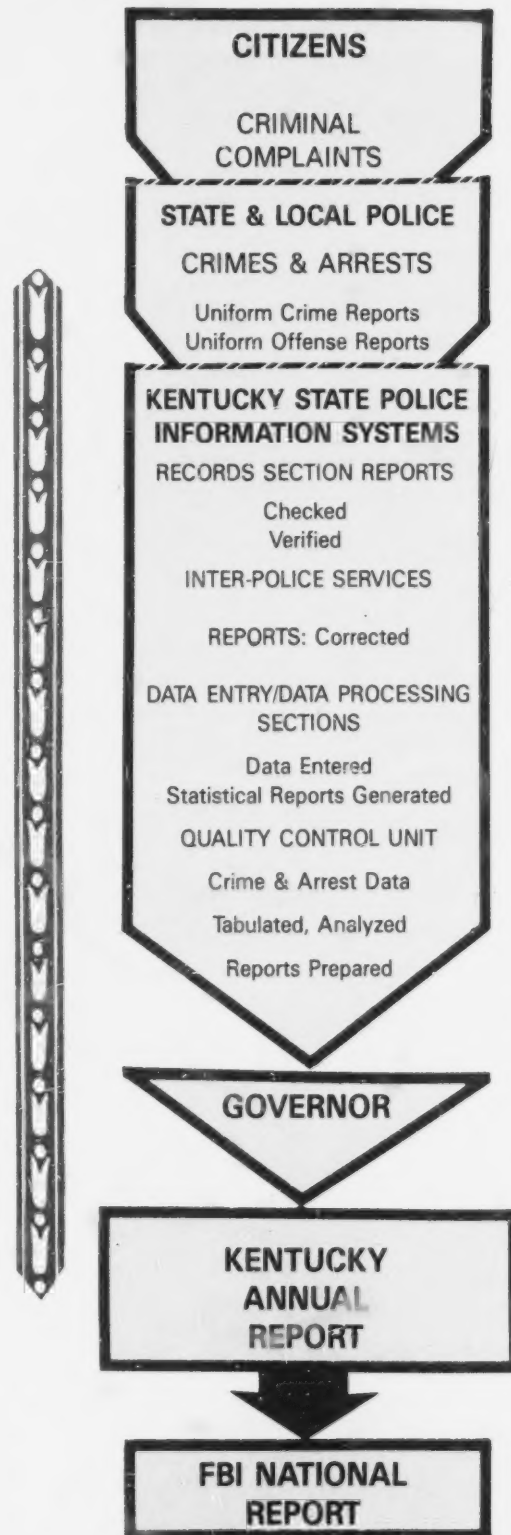

Accurate and timely crime data are vitally important tools for law enforcement planning, operations, and management. The Governor and other public officials entrusted with the responsibility for the safety, well-being, and quality of life in the Commonwealth, citizens who are potential victims of crime; and researchers engaged in the study of crime and its effects are entitled to an assessment of the crime problems.

In order to maintain uniformity of crime and arrest data nationwide, standardized definitions of crimes reported through the UCR system have been adopted. This uniformity is important to overcome variations in definitions of criminal offenses among states and localities.

HOW DOES THE UCR SYSTEM WORK?

Each law enforcement agency in Kentucky is responsible for compiling its own crime reports and submitting them monthly to the Records Section of the Kentucky State Police. Based on citizen complaints and arrest records, each agency tabulates its data and enters it on standardized UCR forms. The Kentucky State Police submit Uniform Offense Reports in lieu of UCR monthly reports. State Police UORs are tabulated by computer and form the basis for the State Police Uniform Crime Reports.

All UCR reports and UORs are checked for accuracy and reasonableness before they are entered into the computer by the Data Processing Section. If a report is incorrect, the agency is contacted by the Inter-Police Services Section Officers who are responsible for assisting local departments in meeting their Uniform Crime Reporting requirements.

HOW ARE CRIMES CLASSIFIED?

Offenses are divided into two broad classifications: PART I and PART II Crimes. Offense and arrest data are reported for all PART I crimes; however, it is important to recognize that the UCR system tabulates arrest data only for PART II Crimes. Another point to remember is that the UCR system does not differentiate between felonies and misdemeanors, degrees of criminal acts, and other distinctions made by state penal codes. Further, it must be noted that the UCR system records all arrests, irrespective of whether the person arrested is subsequently found not guilty in a court of law.

UCR guidelines do allow for deletion of offenses which are subsequently found to have been "unfounded" complaints, and tabulates all PART I Crimes which are cleared by arrest or other means. The UCR system also established a "hierarchy" among the seven PART I Crimes; in the case of multiple offenses, the crime considered to be more serious is counted. An exception to the hierarchy rule is in the case of Arson. If an Arson is perpetrated concurrent with another crime, both the Arson and other crime are scored.

PART I CRIMES (defined in the analysis of each Part I Crime) include the following seven offenses: MURDER; RAPE; AGGRAVATED ASSAULT; BURGLARY; LARCENY; and MOTOR VEHICLE THEFT.

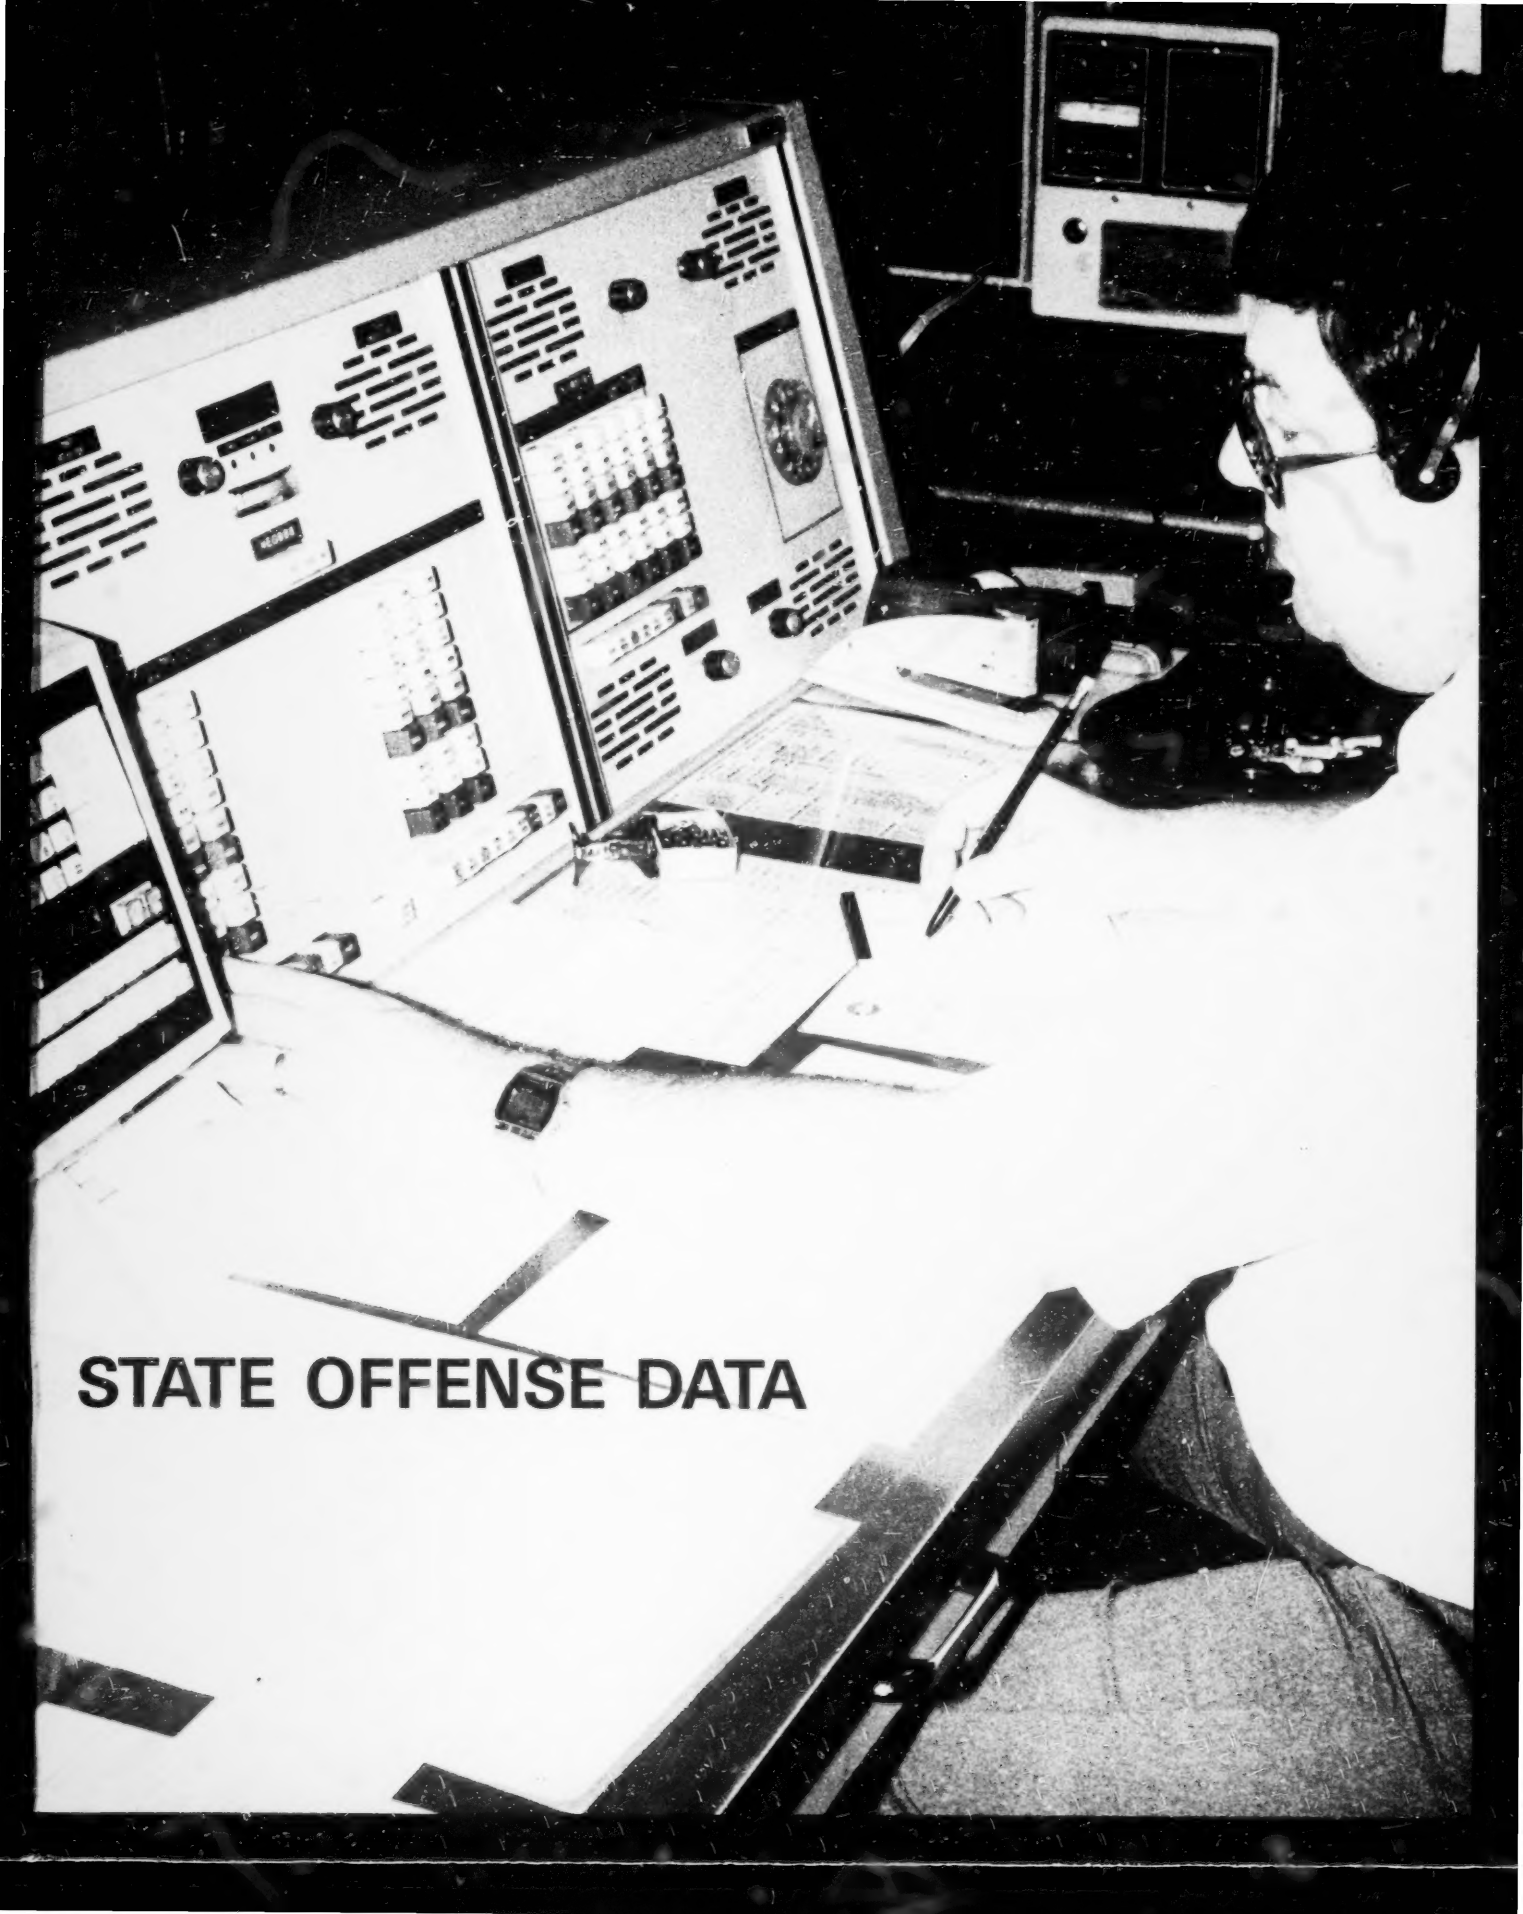

PART II CRIMES include the following twenty-two offenses: OTHER ASSAULTS; ARSON; FORGERY & COUNTERFEITING; FRAUD; EMBEZZLEMENT; STOLEN PROPERTY—BUYING, SELLING, RECEIVING; VANDALISM; WEAPONS—CARRYING, POSSESSING, ETC.; PROSTITUTION & COMMERCIALIZED VICE; DRUG ABUSE VIOLATIONS; GAMBLING; OFFENSES AGAINST FAMILY & CHILDREN; DRIVING UNDER THE INFLUENCE; DISORDERLY CONDUCT; VAGRANCY; ALL OTHER OFFENSES (except Traffic); SUSPICION (adults only); CURFEW & LOITERING VIOLATIONS (juveniles only); and RUNAWAYS (juveniles only).

LIMITATIONS REGARDING THE ANALYSIS AND INTERPRETATION OF CRIME DATA

The UCR system strives to achieve a uniform, standardized data base for all serious crimes. Care and caution should be exercised, however, in making comparisons between year-to-year fluctuations, indexes, or rates of crime per population group, as well as any difference in crimes reported by one agency or another. Fluctuations can be attributed to real crime; e.g. modifications in the record-keeping and reporting practice of a police department, fraudulent reporting of property offenses for insurance purposes, etc.

The primary limitation of the UCR system nonetheless, is attributable to the fact that as much as forty percent of the crimes committed are never reported by citizens, as testified to by reliable victimization studies.

STATE OFFENSE DATA

STATE OFFENSE DATA

A total of 108,610 PART I Crimes were reported to the police during 1985, an increase of 1,319 serious crimes compared with 1984. This represents an overall increase of 1.2%.

Murder, the least frequently reported PART I Crime, and the life-threatening crime of Robbery increased significantly. Murder: 5.4%, and Robbery: 10%.

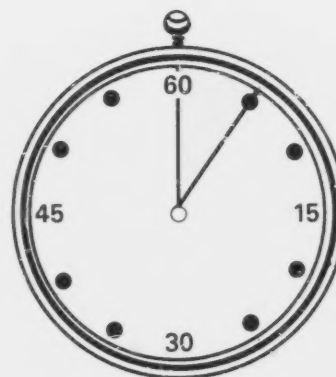

Rape decreased by 1.9% and Aggravated Assaults increased by 14.3%.

Burglary and Larceny Theft remained relatively the same as in 1984, but Auto Theft increased by 9.1%.

Larceny Thefts and Burglaries accounted for 83.1% of all PART I Crimes.

Part I Crimes	Offenses Reported		Percent	Percent Distribution (1985)
	Comparison		Change	
	1985	1984	1985/1984	
MURDER	253	240	+ 5.4	0.2
RAPE	789	804	-1.9	0.7
ROBBERY	2,799	2,545	+ 10.0	2.6
AGGRAVATED ASSAULT	7,374	6,453	+ 14.3	6.8

LARCENY THEFT	61,877	62,353	-0.8	57.0
AUTO THEFT	7,108	6,518	+ 9.1	6.5
TOTAL	108,610	107,291	+ 1.2	

A SERIOUS CRIME
OCCURS IN KENTUCKY
every 5 MINUTES

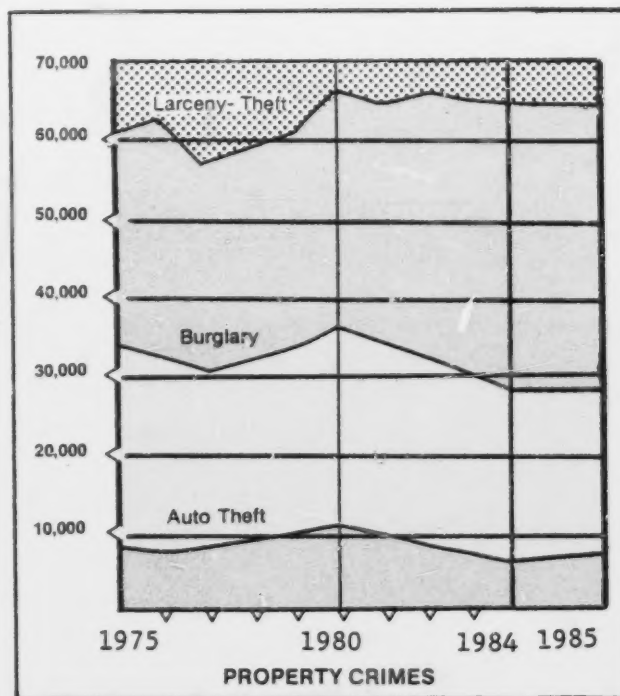

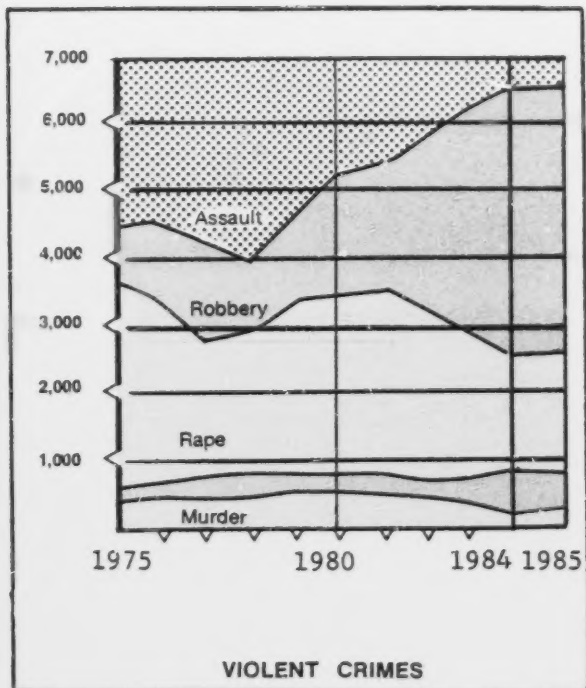

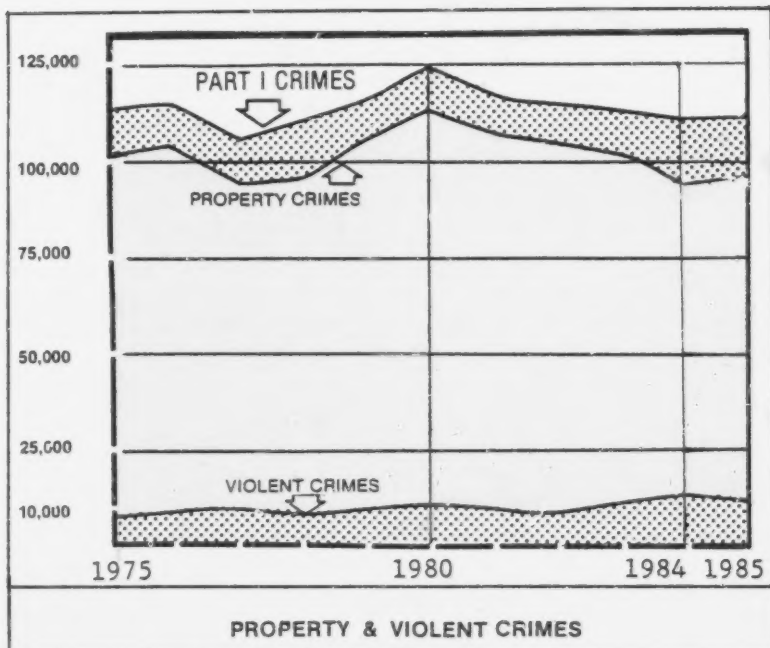

A detailed analysis of each PART I Crime can be found in the sections of this report titled Murder, Rape, etc.

CRIME TRENDS: Annual fluctuations in the number of reported crimes can be attributed to a variety of factors other than real changes in Crime. Such factors notwithstanding, the right-hand graph depicts the "pattern" of reported PART I crimes between 1975 and 1985. The relationship between Property vs. Violent Crimes is also depicted, showing a slight increase in overall Property Crimes, but a slight decrease in overall Violent Crimes when comparing 1985 and 1984.

As depicted below, Aggravated Assaults have steadily risen since 1978. Robbery and Murder, which began to decline since 1981, showed significant increases in 1985. While Rape had increased by nearly eighteen percent in 1984, 1985 shows a slight decrease in the number of Rapes reported.

Burglary declined steadily since 1980 but showed a slight increase in 1985. Larceny-Theft appears to show only insignificant fluctuations over the past five years. Auto Theft, which had been steadily declining, rose by more than nine percent in 1985.

OFFENSE DATA — 1985

URBAN/COUNTY — MID. SMALL, RURAL, CITY/COUNTY — CAMPUS CRIME

A comparison of PART I Crimes in Kentucky's urban, rural, and campus jurisdictions is depicted in the right-hand chart. PART I Crimes are tabulated for each URBAN/COUNTY (counties with cities of the first, second, and third class) in the chart below.

The thirteen Urban/Counties represent 45.8% of Kentucky's population and 67.2% of all PART I Crimes. Rural areas reflect 54.2% of the state's population, but reported 30.5% of the PART I Crimes. PART I Crimes reported by the seven Universities with police departments reporting UCR data reflect 2.3% of the state's total offenses.

PART I CRIMES	URBAN COUNTY %	MID SMALL RURAL COUNTIES %	CAMPUS %
MURDER	37.1	62.9	0.0
RAPE	63.6	36.1	0.3
ROBBERY	86.8	12.8	0.4
ASSAULT	52.7	46.2	1.1
BURGLARY	65.0	34.0	1.0
LARCENY	69.8	26.9	3.3
AUTO THEFT	62.4	37.2	0.4
TOTAL	67.2	30.5	2.3

Percentages do not equal 100% due to rounding. Campus Crime data was extracted from Urban/Counties and includes only those Universities with law enforcement agencies which report offense data through the UCR system: University of Kentucky, University of Louisville, Northern Kentucky, Eastern Kentucky, Morehead State, Murray State, and Western Kentucky Universities.

BREAKDOWN OF URBAN/COUNTY PART I OFFENCES

CITY/COUNTY	MURDER	RAPE	ROBBERY	ASSAULT	BURGLARY	LARCENY THEFT	AUTO THEFT	TOTAL

CLEARANCE RATES 1981 - 1985

Clearance rates are depicted in the chart below for a five year period, 1980 through 1985. Clearance rates are the percentage of cases cleared (through arrest or exceptional means) when compared with the total number of offenses reported to or known by the police. As shown in the chart, clearance rates for property crimes are traditionally low. With the exception of robbery, clearance rates for violent crimes are high. High clearance rates for murder, rape, and assault are attributable to the fact that the perpetrator is known, recognizable, or in some way usually associated with the victim. Low clearance rates for robbery as well as property crimes can be attributed to the difficulty of the victim in identifying the perpetrator.

	MURDER	RAPE	ROBBERY	ASSAULT	BURGLARY	LARCENY	AUTO THEFT	TOTAL
1980	83.8	63.8	30.9	64.5	14.2	16.2	13.6	18.0
1981	83.4	54.7	27.6	63.2	13.8	17.1	13.5	18.7
1982	85.4	66.1	29.6	67.8	16.5	17.7	16.7	20.6
1983	86.5	65.9	31.9	69.3	16.2	18.9	16.7	21.6
1984	86.6	67.2	30.6	71.7	18.2	21.3	19.4	24.1
1985	87.7	68.2	30.0	68.8	16.8	23.0	17.9	24.9

PERCENT OF ADULT JUVENILE INVOLVEMENT IN TOTAL INDEX OF OFFENSES CLEARED

PART 1 CRIMES

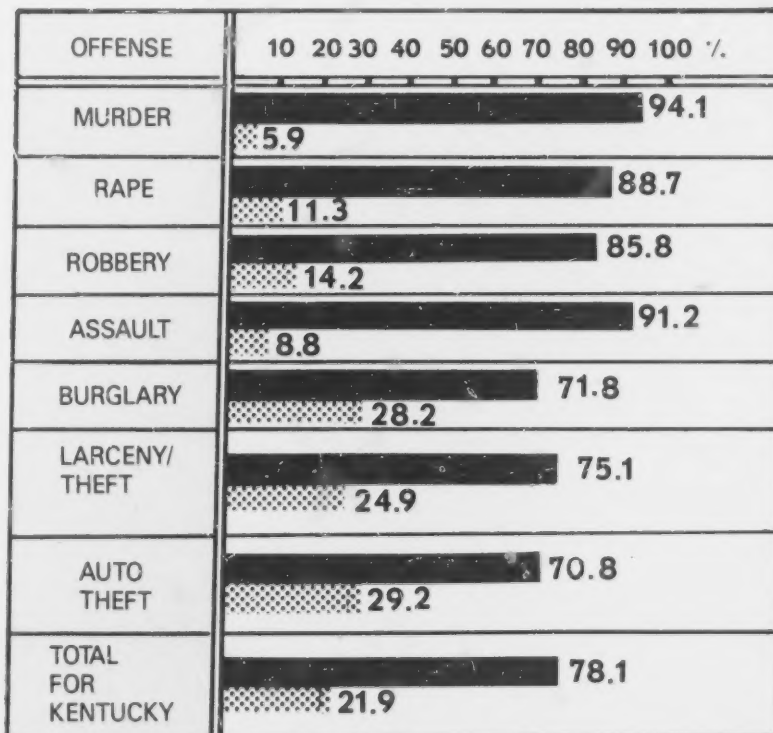

The right hand column compares clearance rates for each PART 1 Crime, showing juvenile versus adult involvement.

The percentage of juvenile versus adult involvement in those offenses with a high clearance rate fairly reflects the actual percentage of juveniles who commit those offenses.

In the case of robbery and property crimes, however, the clearance rates do not necessarily portray the percentage of involvement of juveniles - due to the fact that relatively few of those offenses are cleared by arrest.

Burglary, Larceny, and Auto Theft arrests clearly indicate that a large number of juveniles are involved in these offenses. Approximately one fourth of all arrests for burglary, larceny, and auto theft are "juvenile arrests."

Relatively few juveniles are arrested for Murder, Rape, Robbery, and Assault.

 ADULT

 JUVENILE

CLEARANCE RATES

The Chart and Map below depict clearances of PART I Crimes for each of Kentucky's Area Development Districts. Clearance rates, arrived at by comparing the total number of offenses with the number of cases cleared by arrest or exceptional means, range from a low of 18.6% to a high of 43.5%.

	Actual PART I OFFENSES	Cases Cleared		% Cleared by	
		Number	Percent	Adult	Juvenile
Purchase	4,880	1,295	26.5	83.8	16.2
Pennyriple	5,378	2,181	40.6	74.5	25.5
Green River	5,703	1,641	28.8	73.0	27.0
Barren River	5,306	1,569	29.6	83.8	16.2
Lincoln Trail	4,080	1,149	28.2	79.3	20.7
Jefferson KIPDA	34,425	6,582	19.1	73.3	26.7
Northern Kentucky	10,743	1,999	18.6	77.0	23.0

Cumberland Valley	4,835	1,721	35.6	80.5	19.5
Lake Cumberland	2,332	780	33.4	75.5	24.5
Bluegrass	22,099	5,356	24.2	79.9	20.1
State Totals	108,610	27,008	24.9	78.1	21.9

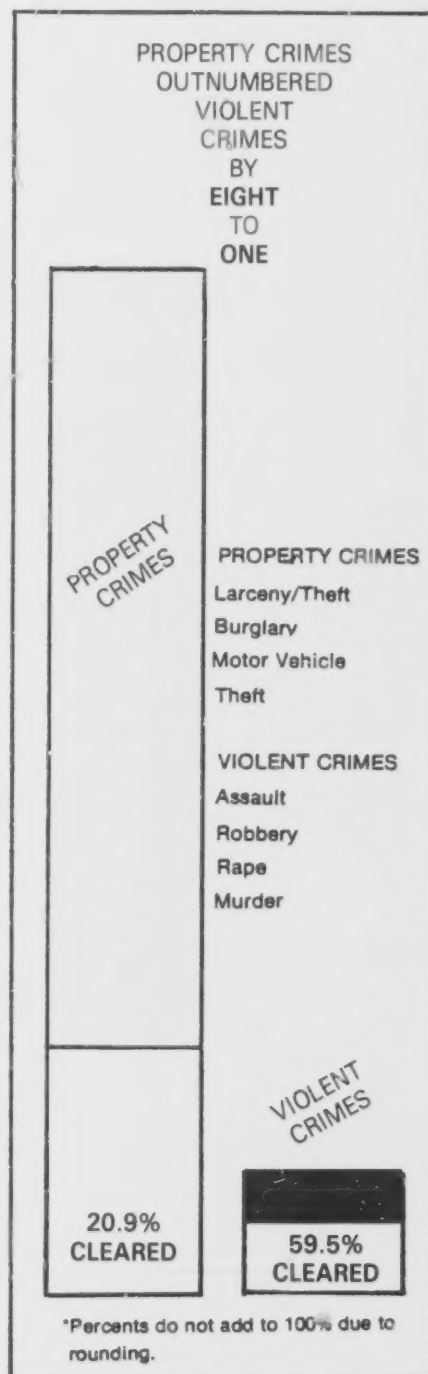

CLEARANCE RATES

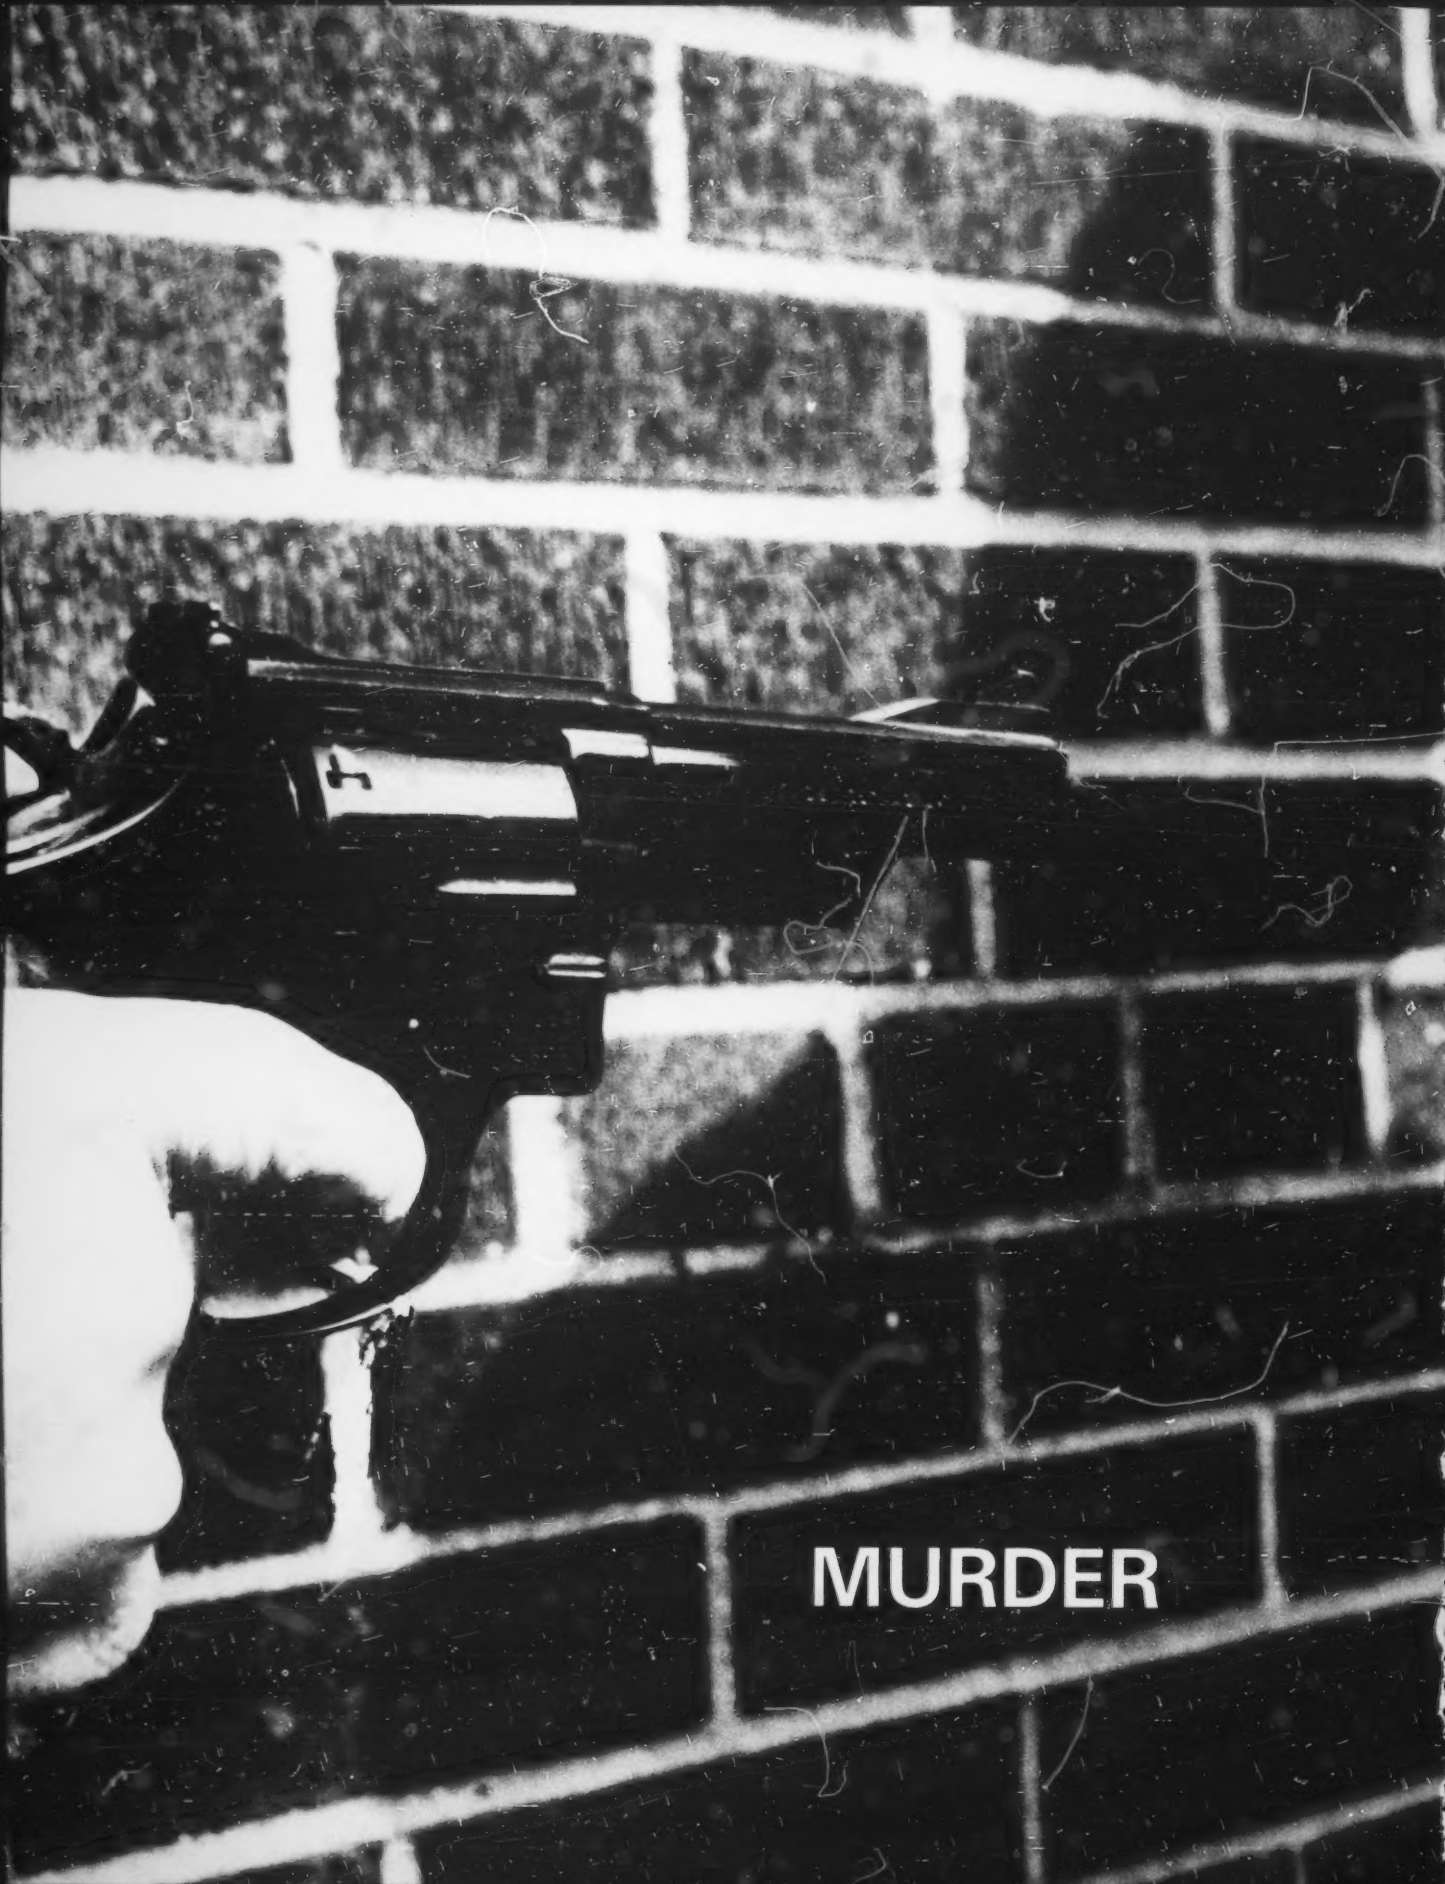

Property vs. Violent Crimes

The right-hand chart depicts the relative clearance rates of property versus violent Part I Crimes. Property crimes, which outnumber Violent crimes by eight to one, show an overall clearance rate of 20.9%. The overall clearance rate for Violent crimes is 59.5%.

The chart above depicts relative clearance rates for each of the seven Part I Crimes.

MURDER

MURDER IN KENTUCKY

1985

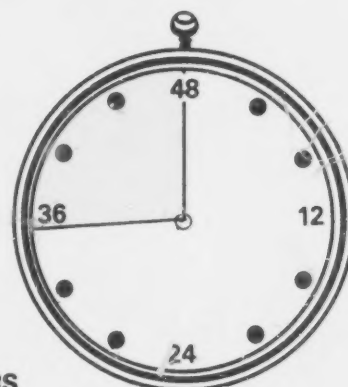

DEFINITION

Murder is the unlawful killing of a human being with malice of aforethought. All homicides due to a fight, argument, quarrel, assault, or commission of another crime are included. Offense data for murder include only those offenses known to the police irrespective of arrest, arraignment, and conviction data. Traffic deaths due to negligence are not included under murder but are counted under manslaughter by negligence. Suicides, accidental deaths, and justifiable homicides are also excluded from the murder category.

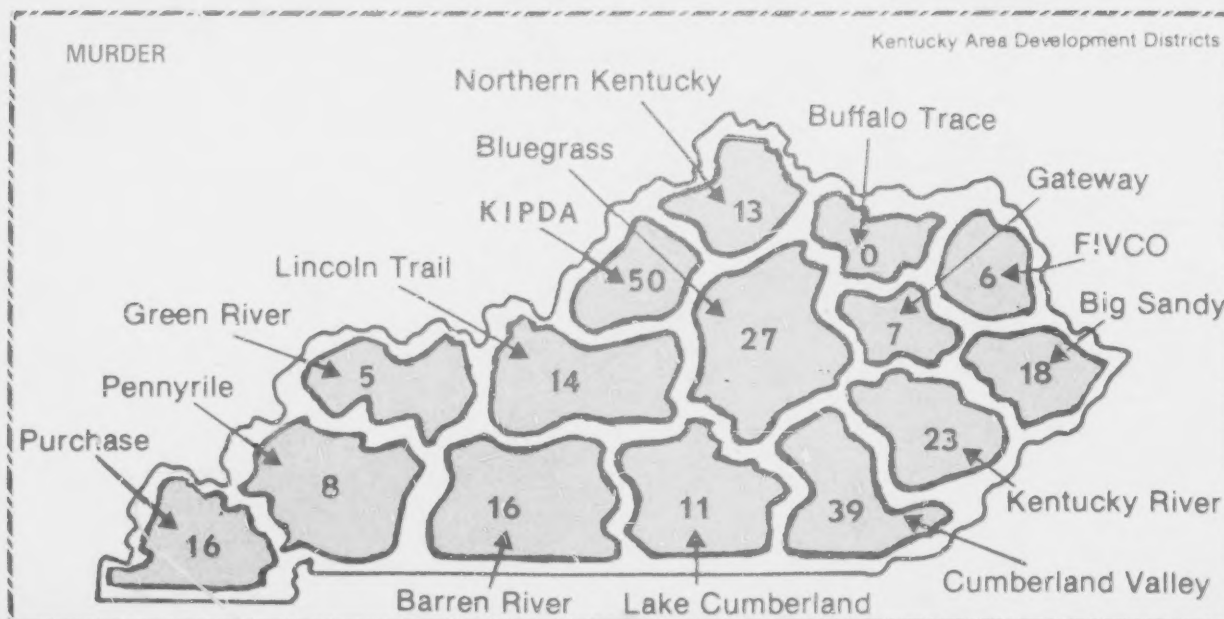

NUMBER REPORTED	CLEARANCES	RATE
253	222	86.7%

Murder is the most serious of all PART I Crimes. Of the 253 criminal homicides reported in Kentucky, 222 were cleared by arrest or exceptional means. The 87.7% clearance rate for Murder is the highest of all Part I Crimes. Although some murders are difficult to solve, the intensity of police investigations together with solvability factors account for the high clearance rate for Murder.

As depicted in the map (below), with the exception of the Buffalo Trace Area, each of Kentucky's Area Development Districts reported murders during 1985, with a low of 5 offenses in Green River to a high of 50 in the KIPDA Area Development District.

1 MURDER every 35 HOURS

MURDER WEAPONS:

A firearm was used in 182 (71.9%) of the murders perpetrated in Kentucky during 1985. Handguns accounted for 72.5% of the murders resulting from a firearm.

A knife or other sharp instrument was used in 13.8% of the 1985 murders.

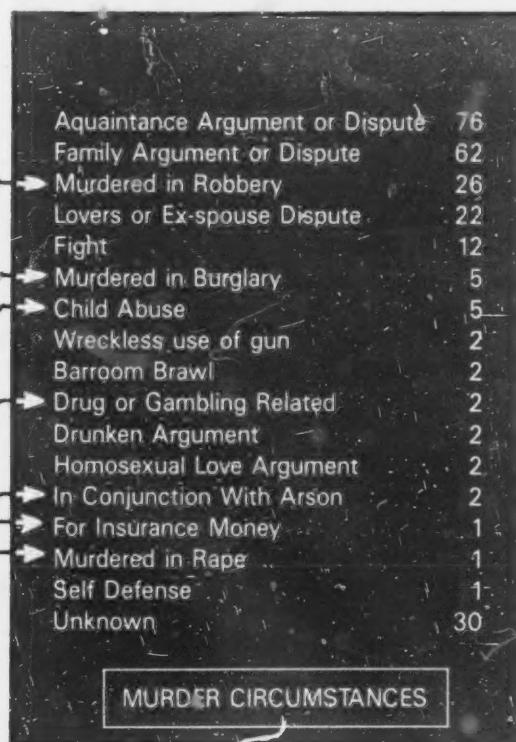

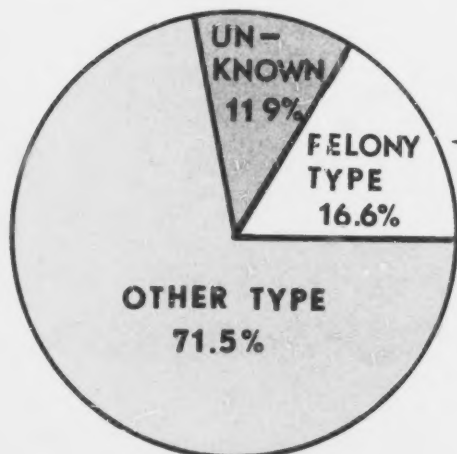

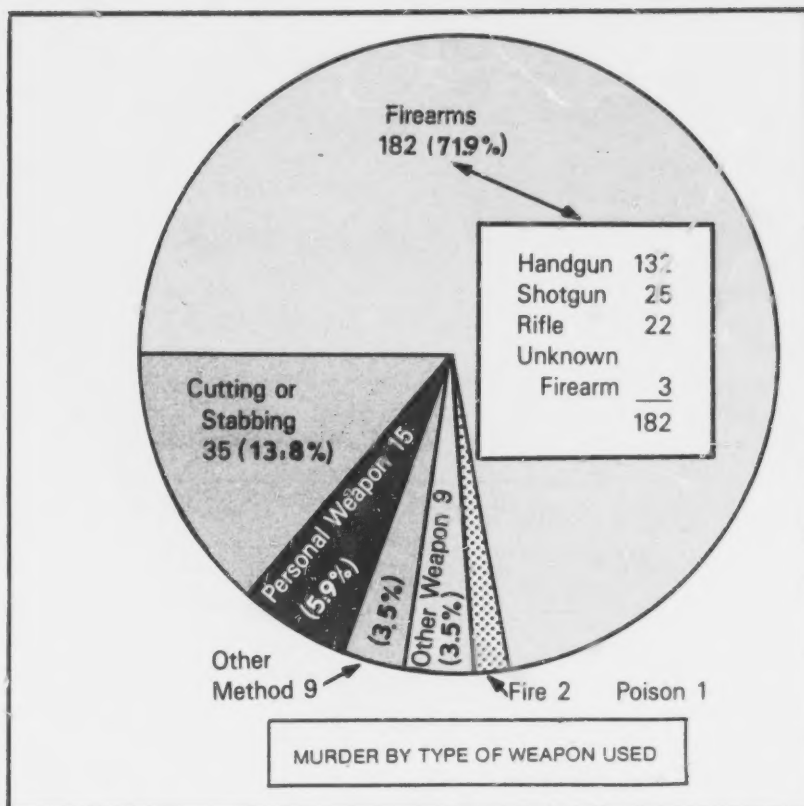

Weapons other than firearms and knives used in 1985 Murders included fire, poison and blunt instruments (clubs, car tools, chain, shovel, and a shoe heel); other methods used included beating, drowning, choking with a rope, and smothering.

MURDER CIRCUMSTANCES:

The circumstances precipitating Murder can be categorized as felony or non-felony type murders. Forty-two incidences (16.6%) were felony-type murders (perpetrated in the commission of a serious crime such as robbery, rape, etc.)

176 murders were precipitated by arguments, fights, quarrels, or brawls, representing 69.6% of all 1985 Murders.

In 30 incidences (11.9%), the circumstances surrounding the Murder were unknown.

MURDER VICTIMS

The age, sex, and race of Kentucky's 253 Murder victims are shown in the right-hand chart. 72.3% of the victims were male, 27.7% female; 81.4% were white, and 17.8% were black.

54.2% of Kentucky's murder victims were between the ages of twenty and thirty-nine. 22.9% of the 1985 murder victims were between the ages of forty and fifty-nine. 13.8% of the victims were sixty years of age or older; six victims were four years of age or younger.

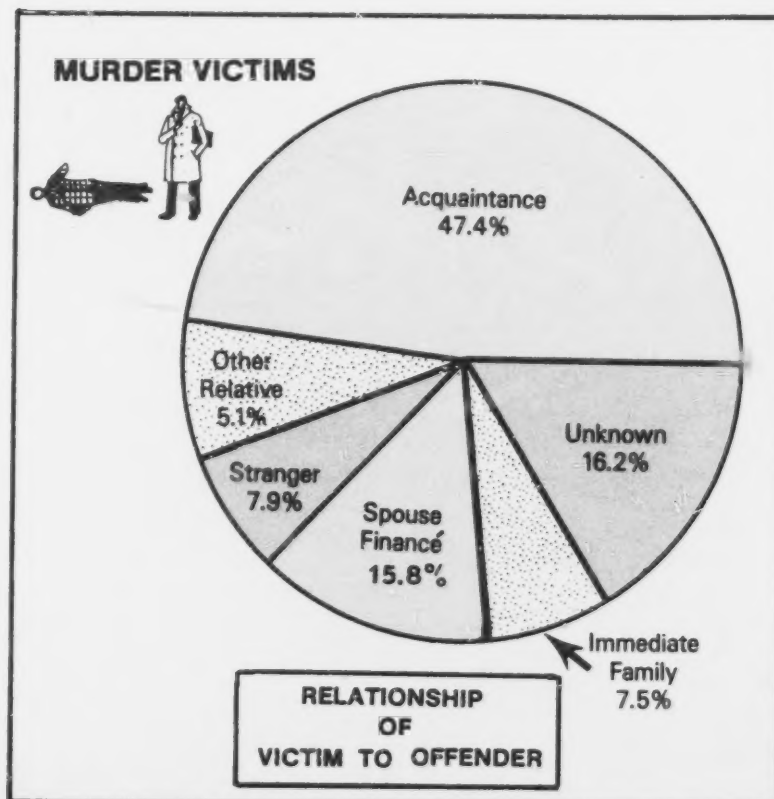

MURDER VICTIMS BY AGE, SEX, AND RACE								
AGE	SEX		RACE					Ethnic Origin
	Male	Female	White	Black	Amer. Indian or Alask. Native	Asian or Pacific Islander	Hispanic	Non Hispanic

65-69	8	2	8	2				10
70-74	3		2	1				3
75 and Over	5	4	9					9
Age Unknown	1		1					1
TOTAL	183	70	206	45	1	1	3	250
Percent	72.3	27.7	81.4	17.8	.4	.4	1.2	98.8

RELATIONSHIP OF VICTIM TO OFFENDER

In 75.8% of all Murder cases during 1985, the victim was known to the offender. In only 7.9% of the incidences was the offender a stranger.

In 16.2% of Kentucky's Murder cases there is no reliable information regarding the relationship of the victim to the offender.

Due to the high number of murder cases in which the victim and offender are related or acquainted, investigations of most murders result in a clearance by arrest.

PERSONS ARRESTED FOR MURDER — 1985

It should be noted that arrest data tabulated for "Murder" includes persons arrested for Manslaughter by Negligence.

251 persons were arrested for Murder during 1985. Of those arrested, 88.4% were male; 11.6% were female; 77.6% were white; 91.2% were adults; and 8.8% were juveniles.

Of the adults arrested for murder, 60.9% were between the ages of eighteen and thirty-four. Of the 21 juveniles arrested for murder, 17 (81%) were between the ages of fifteen and seventeen. Three juveniles were under fourteen years of age.

33% of the murder arrests were in the Bluegrass Area Development District.

RAPE

RAPE IN KENTUCKY — 1985

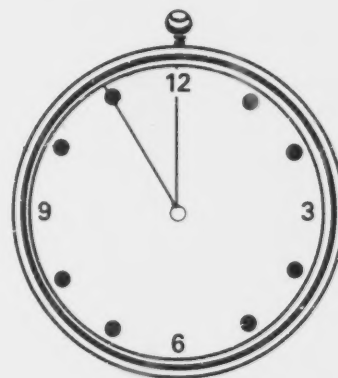

DEFINITION

Rape is defined as the carnal knowledge of a person forcibly and against the person's will. Only "forcible" rapes are included, together with assaults for the purpose of rape and attempted forcible rapes. Excluded are statutory rapes (rape of a female victim who is "under age" when no force is used), carnal abuse, and other sex offenses.

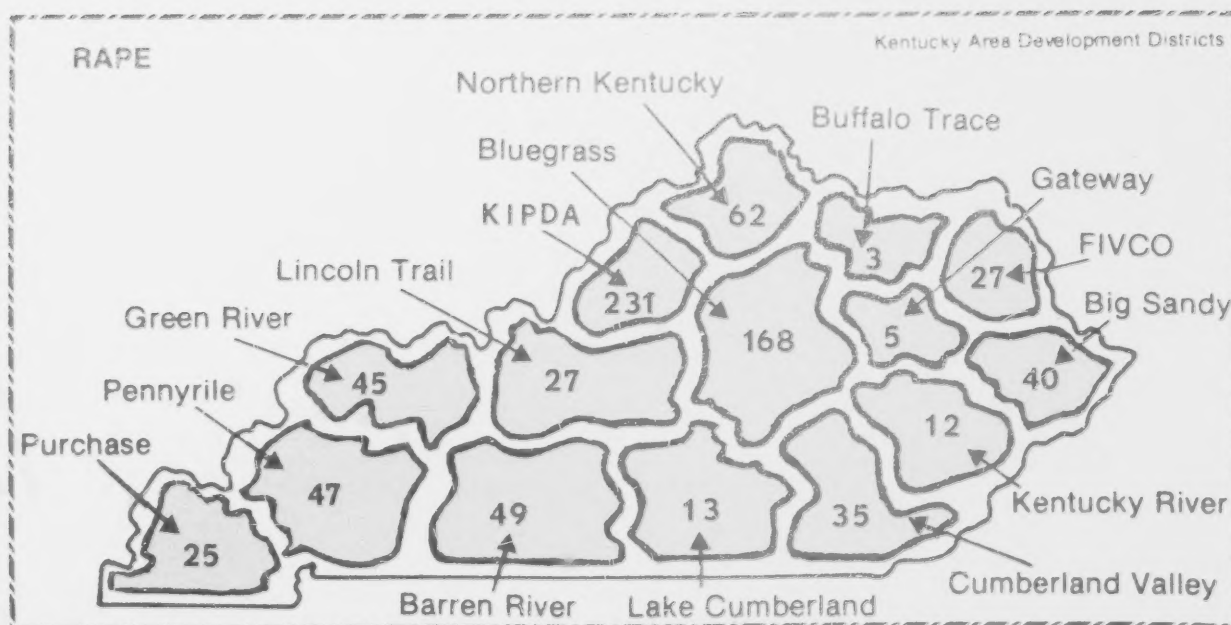

NUMBER REPORTED	CLEARANCES	RATE
789	538	68.2%

789 Rapes were reported to the police during 1985. 538 of the reported rapes were cleared by arrest or exceptional means. The 68.2% Clearance Rate is high when compared with property and other offenses. One explanation for the many rapes cleared is the fact that the victim and the offender are frequently acquaintances or even related.

51% of the reported Rapes occurred in the KIPDA and Bluegrass Area Development Districts. However, as indicated in the map (below) Rapes were reported in all of Kentucky's Area Development Districts, with the Buffalo Trace, Gateway, Kentucky River, and Lake Cumberland Districts reporting less than 1% of all Rapes.

1 RAPE every 11 HOURS

THE RELATIONSHIP OF RAPE OFFENDERS TO VICTIMS

The analysis of Rape is based on a sample of 270 Rapes reported to the Kentucky State Police. As shown below, strangers and unknown perpetrators accounted for 16% of these sample cases. In 84% of the cases the victim and the offender were acquaintances (46%) or relatives (38%).

79% of the victims were single. 9% were divorced. In only 12% of the sample cases were Rape victims married.

While these cases represent 34% of all Rapes reported in Kentucky during 1985, the selected sample is fairly consistent with national and other studies which point to the frequency of Rape among acquaintances and relatives (84%). Single women are victimized more frequently than married and divorced persons.

Less than 1%

Source: Kentucky State Police SPCVIS, 1985

As depicted below, 62% of the rape victims in the sample were sixteen years old or younger, with 38% of the victims fourteen and under and 24% ages fifteen or sixteen. 55% of the offenders were between the ages of nineteen and thirty-five.

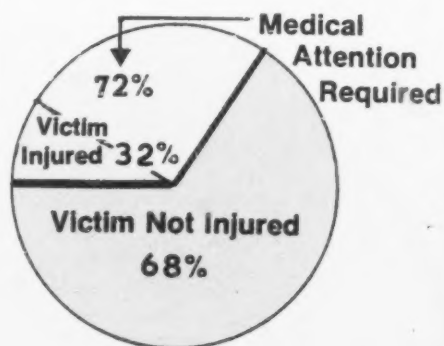

54% of the rape victims were victimized in a residence.

Although a weapon was used as a "threat" in 70% of the sample incidences, relatively few of these incidences involved a gun or knife.

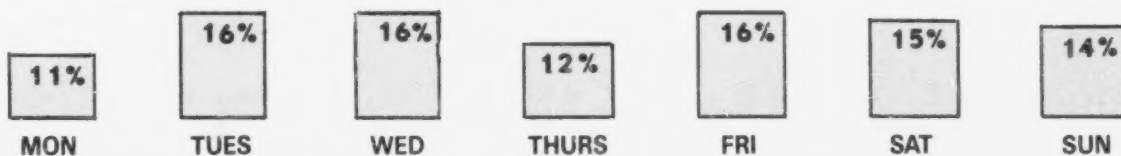

UNDER INFLUENCE OF ALCOHOL/DRUGS			
OFFENDER	YES 18%	NO 27%	UNK 55%
VICTIM	YES 8%	NO 74%	UNK 18%

A small percentage of both offenders and victims were under the influence of drugs or alcohol. 32% of the victims were injured, with 72% of those injured requiring medical attention.

NOTE: 2 victims found dead; 47 assaulted, 41 other; 15 unknown.

PERSONS ARRESTED FOR RAPE — 1985

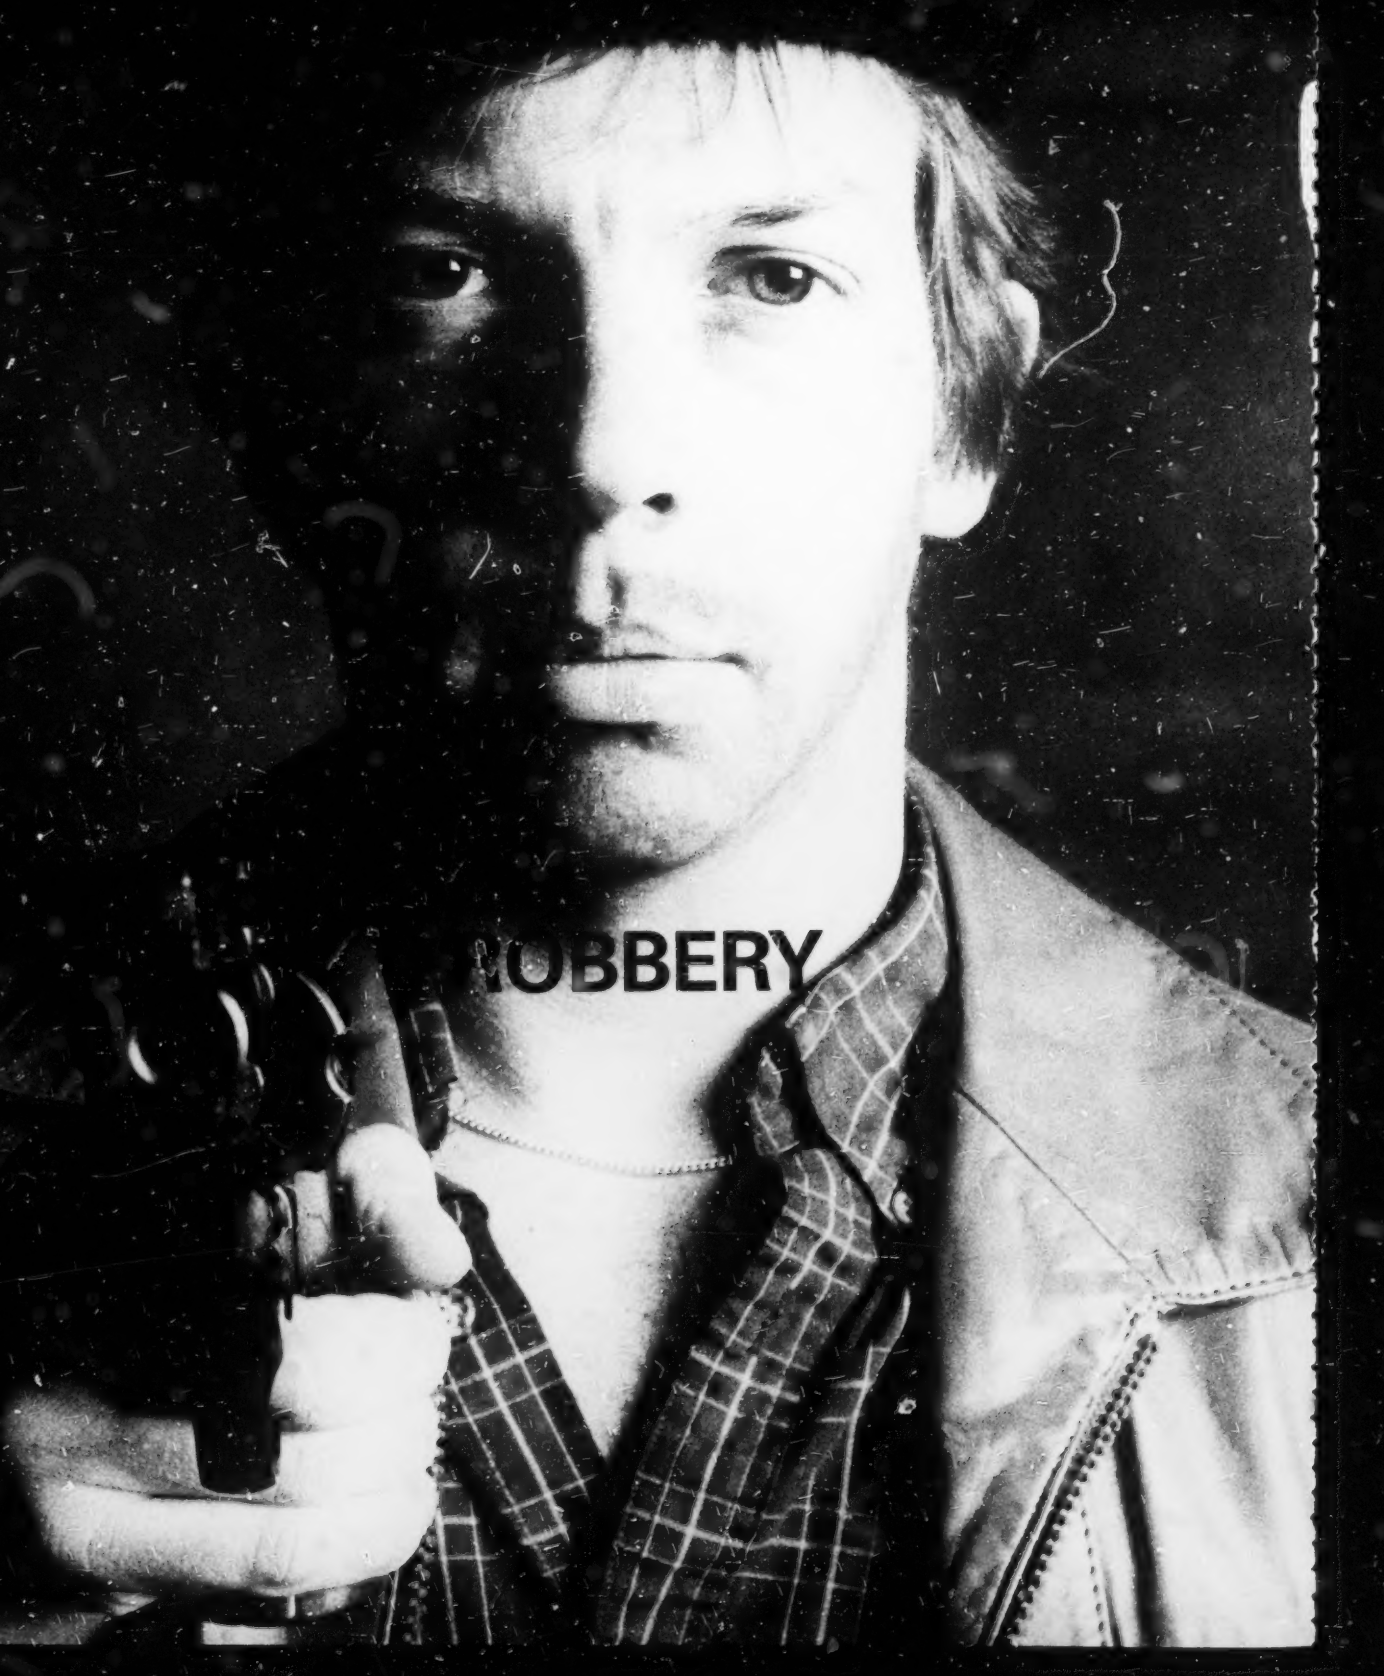

433 persons were arrested for Rape during 1985. 98.8% of those arrested were male; 69.3% were white; 30.7% were black; 88.7% were adults; and 11.3% were juveniles.

Of the adults arrested for Rape 71% were between the ages of eighteen and thirty-four. 76% of the 49 juveniles arrested for Rape were between the ages of fifteen and seventeen.

36.9% of all arrests for Rape were reported by agencies in the KIPDA and Bluegrass Areas.

ROBBERY

ROBBERY IN KENTUCKY — 1985

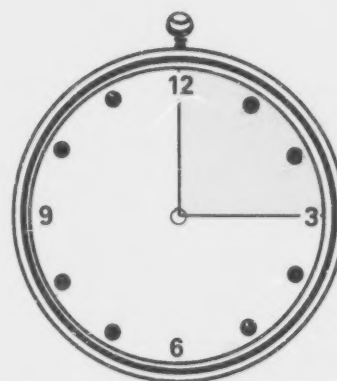

DEFINITION

Robbery is the felonious and forcible taking of the property of another against his will by force or the threat of force or violence and/or by putting the victim in fear. All assaults and attempts to rob are included. Robberies are reported in two general categories: armed (any weapon or threatening object is used) and strong-arm (to include muggings and similar offenses where no weapon is used but strong-arm tactics are employed).

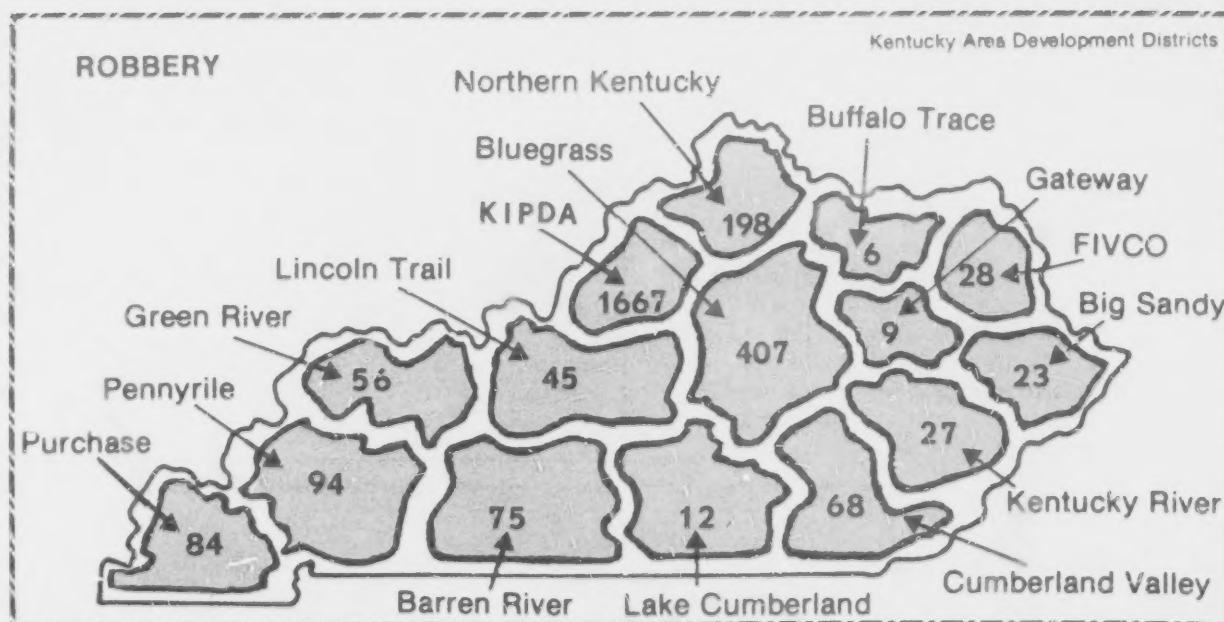

NUMBER REPORTED	CLEARANCES	RATE
2,799	840	30.0%

Robbery is considered to be a serious crime because the element of fear and personal confrontation with a weapon or strong-arm tactic is always present. Of the 2,799 armed and strong-arm robberies which were reported during 1985, 840 offenses were cleared by arrest or exceptional means. The 30% clearance rate for robbery is slightly higher than for other crimes motivated by the theft of property, but low by comparison with Murder, Assault, and Rape - in which the element of personal confrontation is also present. This is attributable to the fact that the perpetrator usually conceals his personal identity from the victim.

As depicted in the map (below) more than half (60%) of the robberies reported in 1985 occurred in the KIPDA Area Development District, 15% in the Bluegrass Area, and 7% in the Northern Kentucky Area - Kentucky's largest population centers.

1 ROBBERY every 3 HOURS

ROBBERY — PLACE OF OCCURENCE

Classification	Number of Offences	Percent of Distribution	Total Value	Average Value
Highway	1,215	43.4	\$ 368,882	\$ 303
Commercial House	462	16.5	\$ 213,661	\$ 462
Gas-Service Station	193	6.9	\$ 59,898	\$ 310
Chain Store	237	8.5	\$ 114,069	\$ 481
Residence	347	12.4	\$ 838,799	\$2,417
Bank	39	1.4	\$ 159,609	\$4,092
Miscellaneous	306	10.9	\$ 148,162	\$ 484
TOTAL for Kentucky	2,799	100.0	\$1,903,080	\$ 679

As shown in the above chart, the most frequent location where robbery occurs in Kentucky is the highway or street. In many instances, the victim is robbed at gun-point or with another weapon while stopped on the roadway, or when stopping to assist another motorist he "assumes" requires assistance. The fact that 43.4% of the robberies which occurred during 1985 were "highway robberies" points to the need for citizens to be extremely cautious when experiencing a breakdown or another problem which requires assistance.

Commercial house robberies account for 16.5% of the incidents reported during 1985. These incidences would include hotels, motels and other similar places of business.

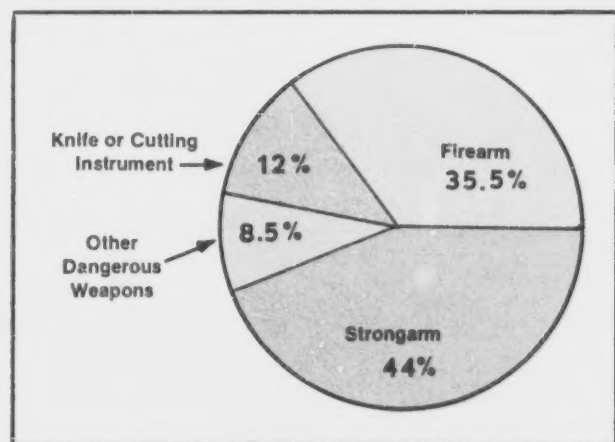

Residences are the third most frequent location for robbery, with 12.4% of the incidences reported during 1985.

Chain store robberies (8.5%) occur mostly in "convenient type" stores.

The average amount of money or property stolen in robberies is minimal when compared with the life-threatening situation for the victim. It should be noted that twenty-six persons were killed in armed robberies during 1985. Since these offenses were classified as Murders they are not included in the robberies reported.

WEAPON USED IN ROBBERY

A firearm was used in 994 of the reported Robberies during 1985, or 35.5% of the time. Strong-arm tactics (hands, fists, feet) were used in 1,232 incidences, or 44%. A knife or other type of cutting instrument was used in 335 incidences, or 12%. Other dangerous weapons, such as clubs, sticks, etc. accounted for 238 incidences, or 8.5%.

WEAPON USED IN ROBBERY

PERSONS ARRESTED FOR ROBBERY — 1985

990 individuals were arrested for Robbery during 1985. 91% of those arrested were male; 53.6% were white; 46.4% were black; 85.3% were adults; and 14.7% were juveniles.

88.6% of the adults arrested for Robbery were between the ages of eighteen and thirty-four. 82.1% of the juveniles arrested were between the ages of fifteen and seventeen.

52% of all arrests for Robbery were reported by agencies in the KIPDA Area Development District; 12% were in the Bluegrass Area Development District.

AGGRAVATED ASSAULT

AGGRAVATED ASSAULT — 1985

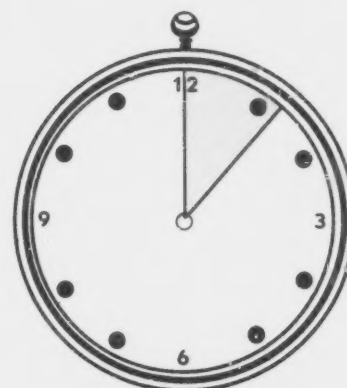

DEFINITION

Assault is the unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. It is not necessary that injury results from an aggravated assault when a gun, knife, or other weapon is used which could, and probably would, result in serious personal injury. Therefore, all attempts to assault when serious injury would have been likely are included. Excluded from the Part I Crime of "aggravated assault" are all assaults which do not include the use of a dangerous weapon and in which there was no serious or aggravated injury. These "simple assaults" are counted as Part II Crimes.

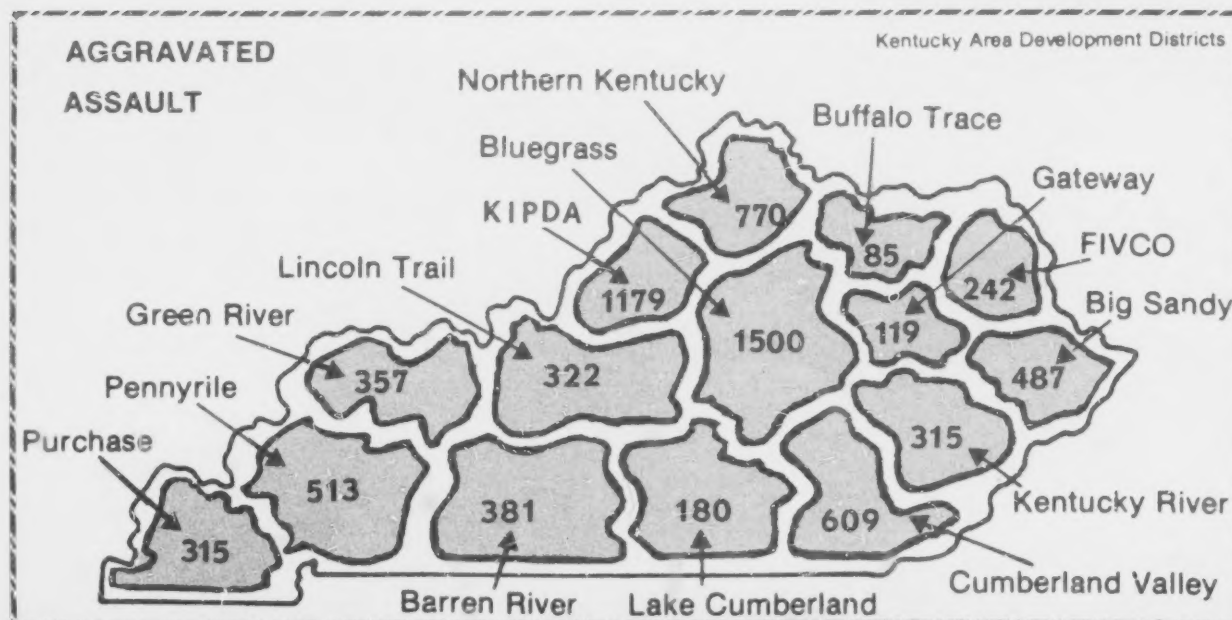

NUMBER REPORTED	CLEARANCES	RATE
7,374	5,071	68.8%

Included in the 7,374 Aggravated Assaults reported during 1985 are those attacks resulting in serious or "aggravated" bodily injury as well as those in which a dangerous weapon was used but no serious injury resulted. Because the victim is frequently related to or an acquaintance of the perpetrator, the clearance rate for Aggravated Assault is high (68.8%).

As indicated in the map below, substantial numbers of Aggravated Assault occurred in each of Kentucky's Area Development Districts, with 47% reported in the KIPDA, Bluegrass, and Northern Kentucky areas where Kentucky's largest urban areas are located.

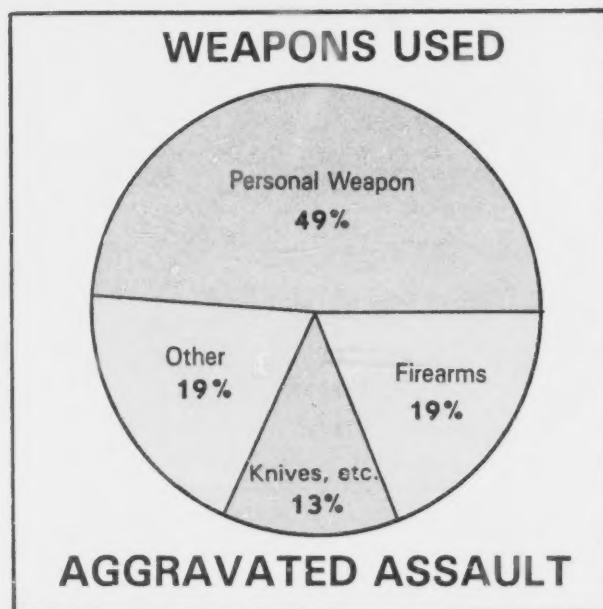

**1 AGGRAVATED ASSAULT every
HOUR AND ELEVEN MINUTES**

WEAPONS USED IN AGGRAVATED ASSAULT

The category of Aggravated Assault includes the following offenses: assaults or attempts to kill or murder; poisoning; assault with a dangerous or deadly weapon; mayhem, maiming, assault with explosives; and all attempts to commit the foregoing offenses.

It should be noted that it is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could and probably would result in serious personal injury if the crime were successfully completed.

As shown in the above chart, 19% of the Aggravated Assaults reported involved the use of a firearm. Knives or other cutting instruments were used in 13% of the incidences. Other dangerous weapons, such as clubs, bottles, and other blunt instruments, were used in 19% of the cases investigated. Other dangerous weapons would also include attempts to maim or injure involving the use of poisons, explosives, and scalding water or burning.

The largest percentage of Aggravated Assaults involved the use of "personal" weapons such as hands, fists, feet, etc. which resulted in serious or aggravated injury to the victim. Personal weapons were used in 49% of the Aggravated Assaults reported during 1985. The assault was classified as Aggravated if the personal injury was, in fact, serious. The seriousness of the injury is the primary factor considered by the police in classifying an assault involving hands, fists, feet, etc. as an Aggravated Assault.

It should be noted that the 7,374 Aggravated Assaults reported to the police do not include "simple", or non-aggravated assaults, for which 4,820 persons were arrested during 1985. These other assaults include all assaults which do not involve the use of a firearm, cutting instrument, or other dangerous weapon and in which there were no serious injuries to the victims. Included in these other assaults would be injury caused by culpable negligence, intimidation, coercion, and all attempts to commit these offenses. Normally, if injury occurs, the injuries are not serious (abrasions, minor lacerations, or contusions) and require no more than first-aid treatment in the case of a simple or non-aggravated assault.

POLICE OFFICERS ASSAULTED

During 1985, 402 Assaults on Police Officers occurred, resulting in injury to 209 officers. As depicted below, personal weapons (hands, fists, feet) were involved in a vast majority of assaults on police officers. 62% of the assaults occurred during dark hours, 8 P.M. to 6 A.M.

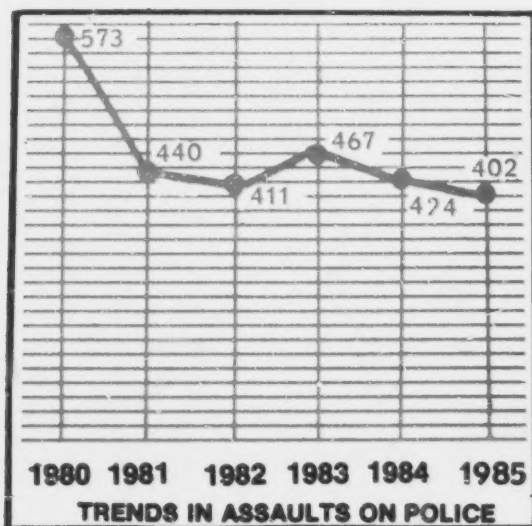

**WEAPONS USED IN ASSAULTS

PERSONS ARRESTED FOR AGGRAVATED ASSAULT — 1985

4,357 persons were arrested for Aggravated Assault during 1985. 88% of those arrested were male; 78% were white; 93% were adults; and 7% were juveniles.

69% of the adults arrested for Aggravated Assault were between the ages of eighteen and thirty-four. 74% of the juveniles arrested for Aggravated Assault were between the ages of fifteen and seventeen.

21% of all Aggravated Assault Arrests were in the KIPDA Area Development District, which includes Louisville and Jefferson County.

BURGLARY

BURGLARY IN KENTUCKY — 1985

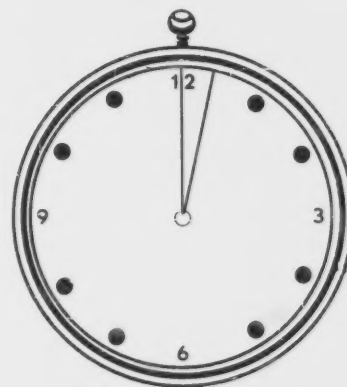

DEFINITION

Burglary is the unlawful entry of a structure with the intent to steal or commit another felony, including entries where force of any kind is used to gain entrance, entries where no force was used (an unlocked door or by concealment), and attempts to enter forcibly (even though entry was not actually gained). Thefts from premises with "open access" are not included. These thefts would be counted as larcenies.

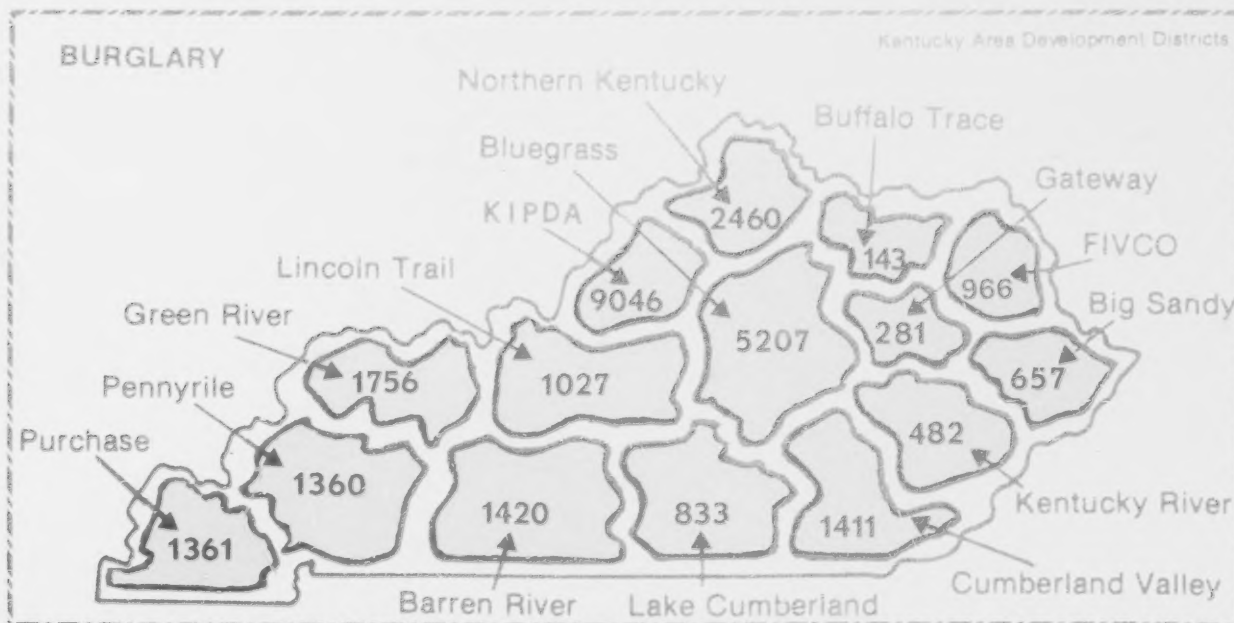

NUMBER REPORTED	CLEARANCES	RATE
28,410	4,774	16.8%

28,410 Burglaries were reported during 1985. As with other property offenses, the clearance rate for Burglary is low. Only 4,774 cases (16.8%) of all the Burglaries reported were cleared by arrest or exceptional means. Included in the offense of Burglary are all unlawful entries into a home, business, or other structure whether the perpetrator entered by force, through an unlocked door, or concealment. Forced "attempts" are also included irrespective of whether entry was gained or not. Thefts from premises with open access (e.g. a store during business hours) are not included. Such thefts are counted as "Larceny-Thefts."

As indicated in the map below, burglary is a repeated occurrence in all of Kentucky's Area Development Districts.

1 BURGLARY every 18 MINUTES

THE COST OF BURGLARY IN KENTUCKY

Classification	Number of Offences	Percent of Distribution	Total Value	Average Value
Residential: Night	8,456	29.8	\$ 6,865,759	\$811
Day	7,116	25.0	\$ 5,247,323	\$737
Unknown	2,851	10.0	\$ 2,160,044	\$757
Sub-Total	18,423		\$14,273,126	\$774
Non-Residential: Night	6,569	23.1	\$ 5,365,284	\$816
Day	1,749	6.2	\$ 1,424,459	\$814
Unknown	1,669	5.9	\$ 1,342,843	\$804
Sub-Total	9,987		\$ 8,132,586	\$314
TOTAL FOR KENTUCKY	28,410		\$22,405,712	\$788

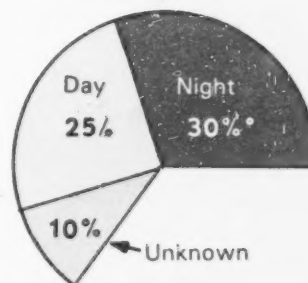

Right hand chart depicts % of total burglaries.

The reported value of property stolen in 1985 Burglaries was \$22,405,712. The average loss per incident was \$788, with the average value of property stolen in residential burglaries slightly lower than in non-residential burglaries.

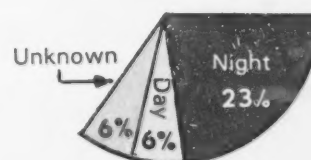

The value of property reported stolen for both residential and non-residential burglaries and the percentage of night vs. day vs. unknown times are plotted in the above chart.

The time of occurrence for residential and non-residential burglaries is shown separately in the right-hand chart. While the majority of burglaries occur during night-hours, in the case of non-residential burglaries 65.8% occurred at night - versus 45.9% of residential burglaries at night.

Burglary is a crime of "opportunity" and can be predicted to occur most frequently when the victim is not at home and the burglar can make his entrance quickly and quietly.

Residential Burglaries

Non-Residential Burglaries

PERSONS ARRESTED FOR BURGLARY — 1985

5,083 persons were arrested for burglary during 1985. 95% of those arrested were male; 80% were white; 64% were adults; and 36% were juveniles.

89.9% of the adults arrested for burglary were between the ages of eighteen and thirty-four.

65% of the juveniles arrested for burglary were between the ages of fifteen and seventeen.

28% of all burglary arrests were reported by law enforcement agencies in the KIPDA Area Development District, which also reported the largest number of juveniles arrested for burglary.

LARCENY-THEFT

LARCENY IN KENTUCKY — 1985

DEFINITION

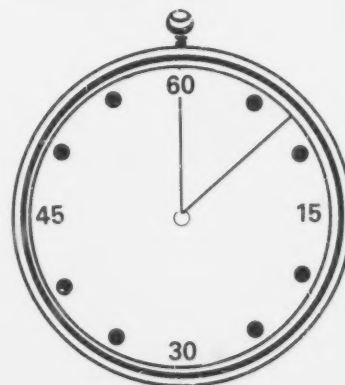

Larceny, or Larceny-Theft, is the unlawful taking of property or articles of value without the use of force, violence, or fraudulent conversion. Included are such offenses as pocket picking, purse snatching (where little or no force is used), shoplifting, thefts from autos, thefts of auto parts and accessories, bicycle thefts, and thefts from buildings when the perpetrator entered legitimately. The theft of automobiles, trucks, and other vehicles are classified separately. Con games, forgeries and bad checks, embezzlement, and obtaining money under false pretenses are not included under the category of larceny. All larcenies, irrespective of the value of property stolen, are included.

NUMBER REPORTED	CLEARANCES	RATE
61,877	14,288	23.0%

61,877 Larcenies were reported during 1985. Larceny is the most frequently occurring PART I Crime. Only 14,288 Larcenies were cleared by arrest or exceptional means. Other than the stolen property itself, there are normally few clues on which to base an investigation. Consequently, the clearance rate for larceny is low: 23%.

65% of the Larcenies during 1985, were reported by agencies in the KIPDA, Bluegrass, and Northern Kentucky Area Development Districts, Kentucky's most populated urban areas.

Larceny and theft mean the same thing in UCR Reporting, irrespective of the amount stolen in each incidence. Theft of motor vehicles are not included. However, theft of items from vehicles and their accessories are included.

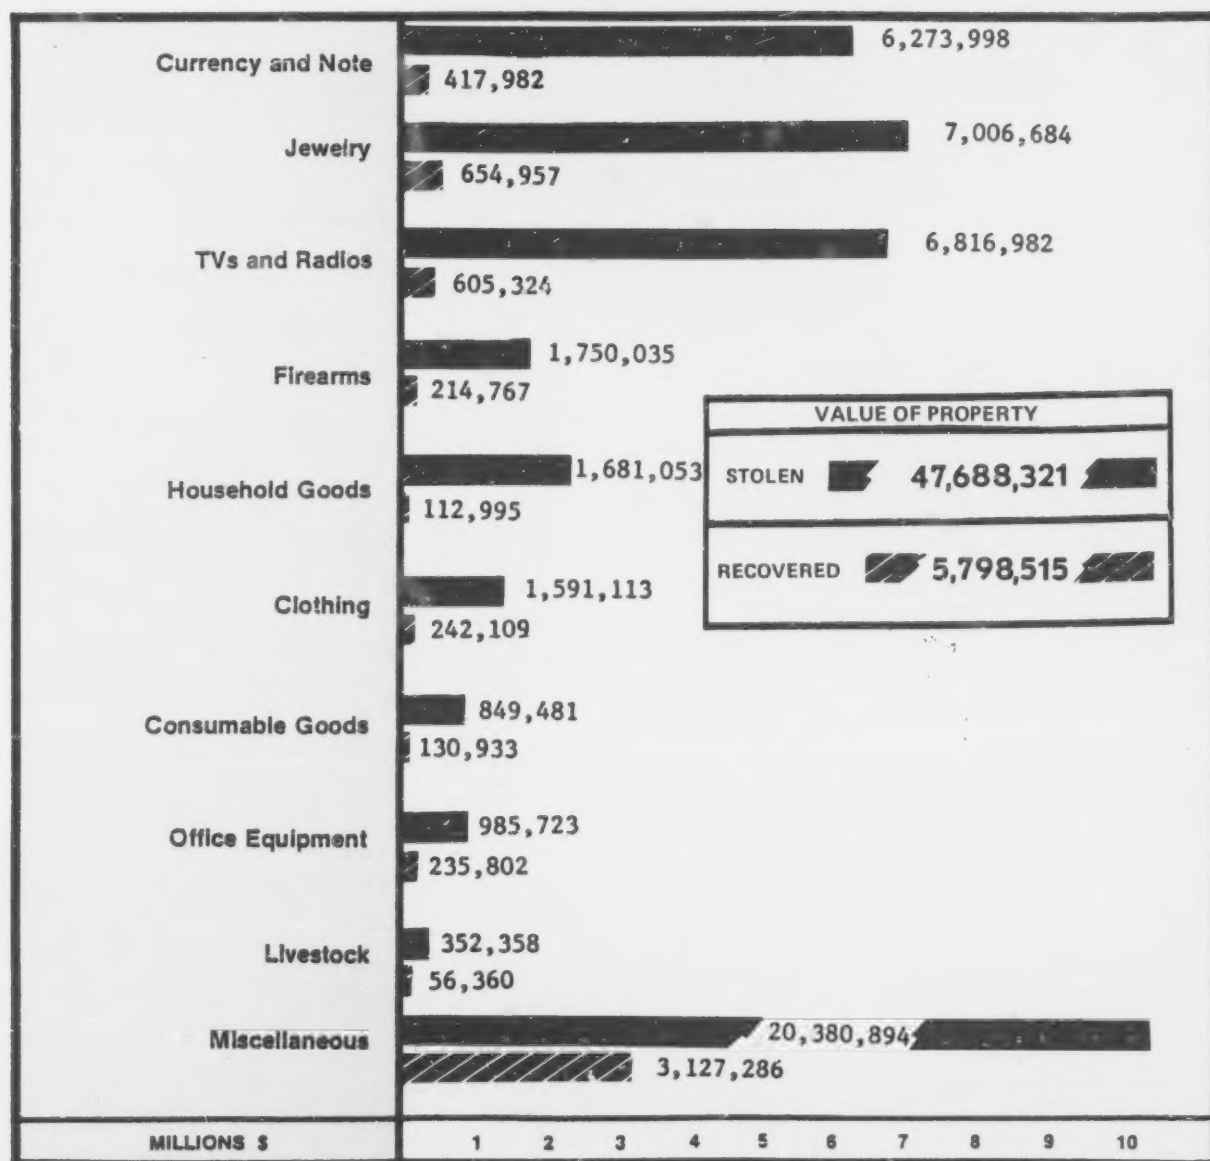

1 LARCENY every
8 MINUTES

VALUE OF PROPERTY STOLEN/RECOVERED

More than \$47 million in currency, notes, and other property were reported stolen in Kentucky from larcenies, burglaries, murders, and rapes committed during 1985. This figure does not include the \$31,290,089 total reported value of motor vehicles stolen during the year.

As shown in the chart below, only \$5,798,515 in stolen property was recovered. The percentage of property recovered is 12%. The chart also depicts amounts stolen versus recovered for selected property items most frequently stolen. Other than miscellaneous items, jewelry and precious metals represent the highest value of any single item stolen — over \$7 million. Only 9% of these items were recovered by the police. Other frequently stolen items include Currency and Notes (6% recovered), TVs and Radios (9% recovered), Firearms (12% recovered), Household Goods (7% recovered), and Clothing (15% recovered).

THE COST OF LARCENY IN KENTUCKY

Classification	Number of Offences	Percent of Distribution	Total Value	Average Value
Pocket-Picking	304	0.5	\$ 89,873	\$ 295
Purse Snatching	423	0.7	\$ 255,330	\$ 603
Shoplifting	8,523	13.8	\$ 566,214	\$ 66
From Autos	11,311	18.3	\$ 4,777,804	\$ 422
Auto Parts and Accessories	13,539	21.9	\$ 3,617,589	\$ 267
Bicycles	4,498	7.3	\$ 681,584	\$ 151
From Buildings	9,092	14.7	\$ 4,299,070	\$ 472
From Coin Operated Machines	684	1.1	\$ 74,400	\$ 108
Livestock	280	0.4	\$ 311,756	\$ 1,113
Farm Equipment	350	0.5	\$ 973,785	\$ 2,782
All Other	12,873	20.8	\$ 7,434,919	\$ 600
Total for Kentucky	61,877	100.0	\$23,382,324	\$ 377

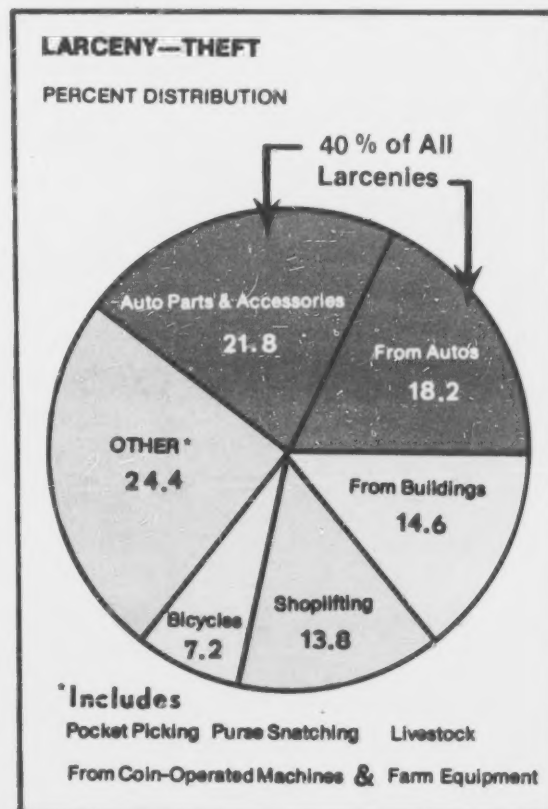

As seen in the above table, the total reported value of property stolen in larcenies reported during 1985 was \$23,382,324. The nature of larcenies reported in Kentucky can be seen by the number of offenses reported in each classification and the total value of property stolen.

The right-hand chart shows the percentage of occurrence for five major types of larceny.

21.8% of all larcenies reported in Kentucky during 1985 were related to theft of Auto Parts and Accessories; 18.2% were theft of personal effects from Autos. These two incidences account for \$8,395,393 in losses, or 36% of the value stolen for all reported larcenies.

Theft of items from buildings represents 14.6% of all reported larcenies and 18.4% of the value of property stolen. Shoplifting accounts for 13.8% of the incidences, but only 2.4% of the value of property stolen. This may be attributed to the fact that many businesses do not report shoplifting incidences to the police unless and until a perpetrator has been apprehended.

While the theft of Livestock and Farm Equipment reflect only .9% of all larcenies, the value of these thefts are 5.5% of total larceny losses.

PERSONS ARRESTED FOR LARCENY—THEFT — 1985

14,148 persons were arrested for Larceny-Theft during 1985. 67.6% of those arrested were male; 32.4% were female; 72% were adults; and 28% were juveniles.

74% of the adults arrested for Larceny-Theft were between the ages of eighteen and thirty-four. 61% of the juveniles arrested were between the ages of fifteen and seventeen.

44.6% of all arrests for Larceny-Theft were reported by agencies in the KIPDA and Bluegrass Area Development Districts.

AUTO THEFT IN KENTUCKY — 1985

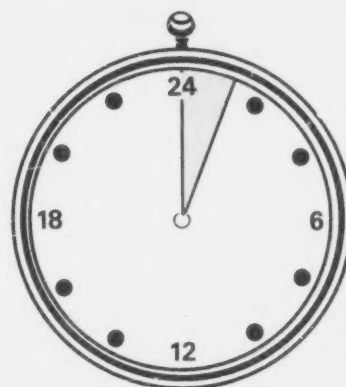

DEFINITION

Auto Theft includes all thefts and attempted thefts of motor vehicles, including cars, trucks, busses, motorcycles, mopeds, and motor homes. The taking of a vehicle for temporary use when a prior authority has been granted or can be assumed (such as in family situations) would not be classified as an auto theft.

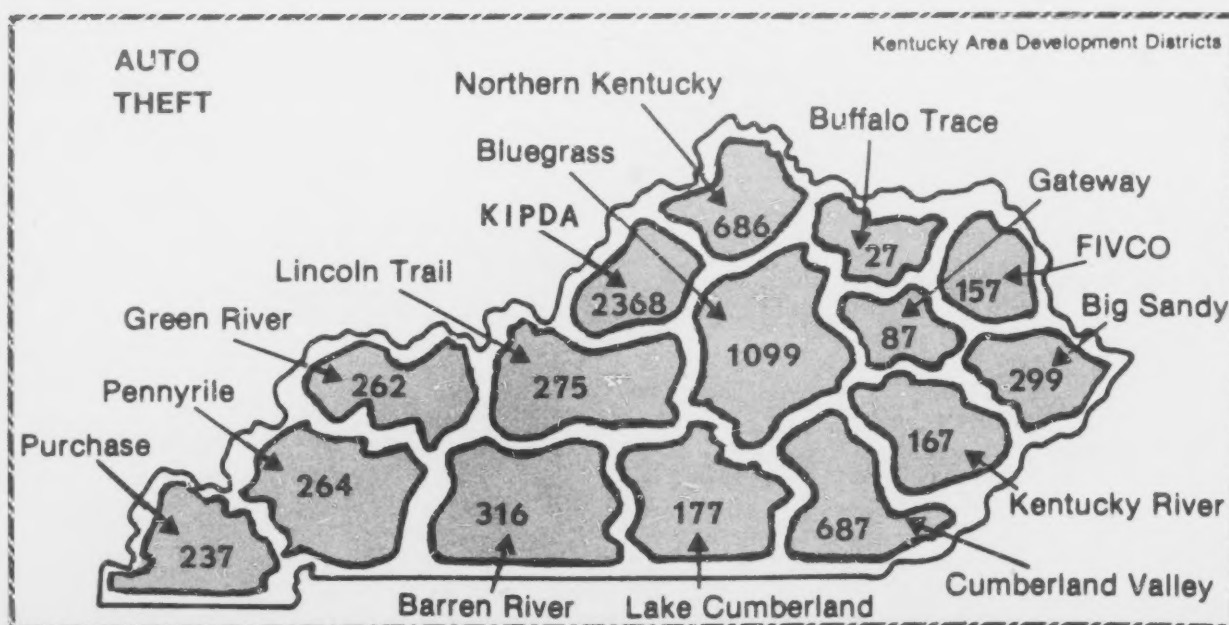

NUMBER REPORTED	CLEARANCES	RATE
7,108	1,275	17.9%

7,108 incidences of Auto Theft were reported to the police during 1985. Only 1,275 of the reported Auto Thefts were cleared by arrest or exceptional means. The clearance rate for this crime is low: 17.9%.

Although 58% of the reported Auto Thefts occurred in Kentucky's most populated areas (KIPDA, Bluegrass, and Northern Kentucky Area Development Districts) as shown in the map (below), with the exception of the Buffalo Trace Area, all other areas in Kentucky experienced substantial thefts of motor vehicles.

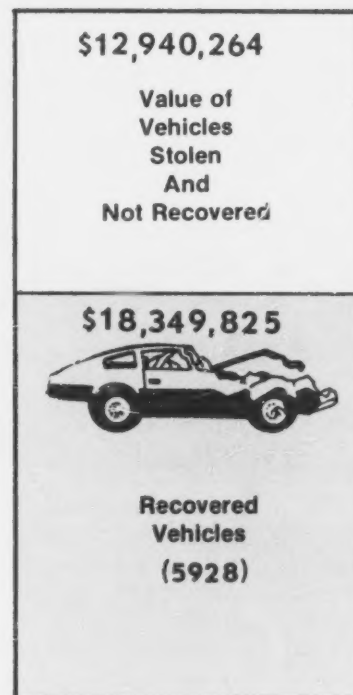

1 AUTO THEFT every
1.23 HOURS

COST OF AUTO THEFT IN KENTUCKY

The value of vehicles reported stolen during 1985 was \$31,290,089. 7,108 vehicles were stolen. 5,928 vehicles were recovered. The recovery rate (stolen vs. recovered) during 1985 was 83.4%. However, comparing the value of vehicles stolen vs. recovered, the ratio is only 41.4%.

Based on reported value when vehicles were stolen, the difference between value stolen and value recovered was \$12,940,264. This amount does not fully reflect the real cost of auto theft to Kentucky taxpayers because the cost of insurance premiums and other factors such as substitute transportation, lost work days, etc. are not included.

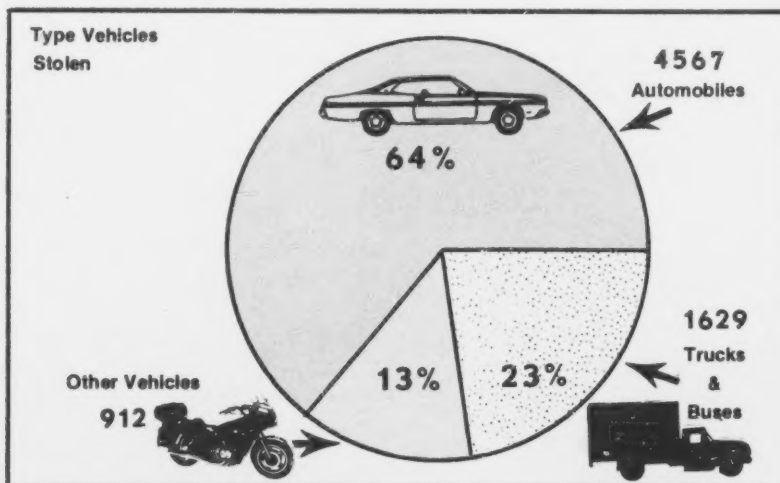

The above figures do not include 997 vehicles stolen out of town and recovered in Kentucky. Also not included in the above data are farm equipment, bulldozers, airplanes, construction equipment, and motorboats. The value of farm equipment is reported under larceny.

4,567 automobiles (cars, including taxi cabs) were reported stolen. Autos represent 64% of all stolen vehicles.

1,629 trucks and buses were stolen, representing 23% of all stolen vehicles.

The 912 "other vehicles" stolen would include motorcycles, motor scooters, trailbikes, mopeds, etc., and represent 13% of the total number of vehicles stolen.

PERSONS ARRESTED FOR AUTO THEFT — 1985

927 persons were arrested for Auto Theft during 1985. 92.7% of those arrested were male; 58% were adults; and 42% were juveniles, 86% were white.

87% of the adults arrested for Auto Theft were between the ages of eighteen and thirty-four. 80% of the juveniles arrested were between the ages of fifteen and seventeen.

37.3% of all Auto Theft arrests were reported by agencies in the KIPDA and Bluegrass Area Development Districts.

ARSON

ARSON — 1985

DEFINITION

Arson includes any willful or malicious burning or attempt to burn (with or without intent to defraud) a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc. Only fires determined to have been willfully or maliciously set are classified as arson. Attempts to burn are also included.

NUMBER REPORTED	CLEARANCES	RATE
1,192	207	17%

1,192 incidences of Arson were reported during 1985. Only 207 of these offenses were cleared by arrest, with a clearance rate of 17%. Total losses from Arson were \$17,756,843.

The chart below shows the number of offenses by property type, clearances, and estimated value of property damage or destruction. Single occupancy residences accounted for 41% of all Arsons. Motor Vehicles "torched" accounted for 21% of the Arsons investigated, and Storage Buildings accounted for 11%.

Single occupancy residences burned represent 42% of the total losses resulting from Arson. Although Community/Public Buildings reflect only 5% of the reported arsons, this type of arson accounts for 14% of the value of property damaged or destroyed.

**An ARSON OCCURS

CRIME STATISTICS BY COUNTIES AND CITIES

NOTE

The accuracy of offense and arrest data compiled statewide is contingent upon the accurate and timely compliance with UCR reporting requirements.

Crime statistics included in this section reflect Part I Crimes and only those offenses "known to the police" and reported through the Uniform Crime Reporting Program.

Part I Crimes data for each reporting agency, together with the total number of offenses for each Kentucky County are tabulated. Ninety-nine percent of the required reports were received and tabulated for 1985. Among the delinquent agencies, four failed to file any UCR reports for the year. The "Months on File" column indicates the number of monthly UCR reports submitted for each contributing agency.

Drunkenness	53,148	26.5
Disorderly Conduct	7,365	3.7
Vagrancy	121	0.1
All Other Offenses (Except Traffic)	29,876	14.9
Curfew & Loitering Laws	482	0.2
Runaways	1,526	0.8
Sub Total for Above Offenses	173,747	87.0

Eighty-seven (87) percent of all arrests made in Kentucky during 1985 were for Part II Crimes.

Over half (55%) of all 1985 PART II arrests were for Drunkenness (31%) and Driving Under the Influence (24%). Compared with 1984 arrest data (see following page), 14,813 less arrests for these two offense were made during 1985.

Narcotic Drug Law arrests, combined with Drunkenness, DUI, and Liquor Law violations, represent 54% of all arrests and 63% of arrests for PART II Crimes.

A comparison of arrests for each PART I and PART II arrests made in 1984 and 1985 is found on the following page.

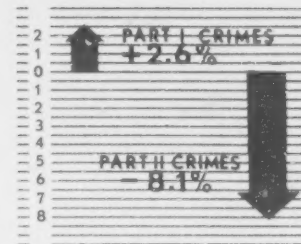

TOTAL ARRESTS

STATE ARREST TOTAL 1985	199,911
------------------------------------	----------------

COMPARISON OF STATEWIDE ARRESTS 1984-1985

Comparing 1984 versus 1985 arrest data, there was an overall decrease of 6.8% in the number of arrests statewide during 1985.

The number of persons arrested for PART I Crimes increased by 2.6%. However, the number of persons arrested for PART II Crimes decreased by 8.1%.

PART I CRIMES	1985 ARRESTS	1984 ARRESTS	% CHANGE
Murder & Non-Negligent Manslaughter	226	185	+22.2
Forcible Rape	433	478	-9.4
Robbery	990	909	+8.9
Aggravated Assault	4,357	3,978	+9.5
Burglary	5,083	5,297	-4.0
Larceny-Theft	14,148	13,726	+3.1
Auto Theft	927	924	+0.3
Sub Total for Above Offenses	26,164	25,497	+2.6

Significant increases/decreases in persons arrested can be noted, as follows: (PART I Crimes)

41 more persons arrested for Murder;
81 more persons arrested for Robbery;
379 more persons arrested for Aggravated Assault;
422 more persons arrested for Larceny-Theft;
45 less persons arrested for Rape;
214 less persons arrested for Burglary.

PART II CRIMES	1985 ARRESTS	1984 ARRESTS	% CHANGE
Manslaughter by Negligence	25	36	-30.6
Other Assaults	4,820	4,104	+17.4
Arson	248	267	-7.1
Forgery & Counterfeiting	2,338	2,216	+5.5

NOTES

STATISTICAL SUMMARY REPORT **1985**

The following statistical summaries for the 1985 calendar year were compiled by the Information Services Branch, Records Section. As the Central Repository for Criminal History and statistical information in Kentucky, the type and volume of criminal history and statistical activities generated over a year are a reflection of the services which the Records Section provides to law enforcement agencies throughout Kentucky. This statistical summary also reflects the level of services performed by law enforcement agencies on behalf of the citizens of the Commonwealth.

Uniform Crime Reports checked, entered, filed	29,268
Criminal Citations coded, entered	15,121
Uniform Offense Reports coded, entered	31,072
Accident Reports coded, entered, filed	140,889
Fatal Accident Reports coded, entered, filed	641
Fingerprint Cards received, classified, filed	21,654
Latent cases	650
Positive identifications	516
Individuals identified with previous records	10,990
Deceased identified	7
Wanted persons identified	12
Mug Shot Photographs received, filed	8,544
Name Search Requests received	108,897
Statistical Information Requests received	1,834
Records Microprocessed and Filed	1,183,301
